

WEATHER SYNOPSIS

The barometer is rising over Northern British Columbia, and fine, warmer weather is again becoming general. Showers have occurred from the Coast to Kootenay and local showers in the Prairies.

MAN CRUSHED TO DEATH AT JORDAN RIVER

Walter E. Robinson, Esquimalt Road, Instantly Killed by Falling Load of Steel

BREAKING OF CHAIN CAUSE OF TRAGEDY

Victim of Tragedy Survived by Widow and Two Children — Inquest Will Be Held

MR. Walter Edward Robinson, of 719 Esquimalt Road, was instantly killed when three tons of twelve-inch steel pipe fell on him as he was unloading his truck at Camp Two of the B.C.E.R. Company at Jordan River about 3 o'clock yesterday afternoon.

Mr. Robinson, who is an employee of the Pacific Transfer Company, had backed his truck up to a railway track on which were small freight cars, when the accident happened. The chain from the loading crane was placed around the pipes which were then lifted off the automobile truck and suspended over the railway track to be dropped onto it as soon as the blocks were held the pipes in place had been adjusted.

Mr. Robinson was placing the second block on the railway track when the chain holding the pipes snapped. They dropped on top of Mr. Robinson, crushing his head upon the block. He was mutilated beyond recognition.

Constable A. G. Carmichael, of the Provincial Police, was dispatched to the scene and had the body removed to the Sands Funeral Parlor, where an inquest will be held either today or tomorrow. Dr. E. C. Hart, the coroner, having been notified. Witnesses' names were also secured by the police.

The victim of the accident is survived by his widow and two children.

WILL DEVELOP 2,000,000 H.P.

TO BE ADDED TO WATER POWER INSTALLATION WITHIN CANADA

Department of Interior Makes Estimate—550,000 H.P. During Present Year

OTTAWA, Aug. 13.—Two million horsepower will be estimated by the Department of Interior, to be added to the water power installation in Canada within the next few years.

This new work will require a direct investment of at least \$200,000,000. The annual statement of the Hon. Charles Stewart, Minister of Interior, with regard to the progress of water power development, issued at the beginning of the year, predicted an additional 270,000 horsepower to the total installation in the Dominion during the first six or seven months of 1928. A midseason review of conditions now indicates that during the whole year as much as 550,000 horsepower will be added, either in new developments or in addition to existing stations.

CAR TURNS TURTLE

CHICOUTIMI, Que., Aug. 13.—Mrs. Daniel McAvoy, Montreal, was killed and her son, Lucien, severely injured when their car turned turtle on the highway near here Sunday.

Tuesday, August 14

227th Day, 1928

THE WEATHER

Victoria and Vicinity: Light to moderate winds, fine and warmer for several days.

Sun Rises: 5:06 a.m. Sunset: 7:30 a.m.

High Tide: 5:22 p.m., 8.3 feet Low Tide: 8:07 a.m., 9.3 feet

Sports

Bernice E. again thrills fans at Colwood race track by great win. Athletes gain on Mile Yankies by hammering out win over Tigers.

Rod Southerville wins qualifying honors in Canadian golf. Senior golfers will open play at Victoria Golf Club today. Entry list one of largest in history.

The News

Local and Provincial—Walter E. Robinson, Esquimalt Road, instantly killed at Jordan River camp of B.C.E.R. City Council divided on guaranteeing bonds for steel drum project.

B.C. Airways ask city for assistance in building adequate runway.

Dominion, Imperial and Foreign—Himalaya flood threatens valley of India.

British correspondence with Chinese Government is published. Two million additional horsepower to be developed in Canada within next few years.

N.S.W. Governor To Reach Here About Sept. 14

Sir Dudley de Chair, Governor of New South Wales, will sail from Sydney, N.S.W., on Thursday week, en route here, traveling on the liner Niagara, with the expectation of reaching Victoria on September 14.

He will travel right across Canada, with a break only at Ottawa, in order to call at Rideau Hall. He is due to join the Empress of France, to cross the Atlantic on September 19. During the Great War, when he held high command in the British Navy, his flagship was the Empress of France, then known as H.M.S. Albatross.

His Excellency's term in New South Wales has been extended.

ORGANIZER OF PARLIAMENTARY VISIT ARRIVES

Sir Howard D'Egville Here to Complete Arrangements for Empire Parliamentary Conference

WHOLE OF EMPIRE SENDING MEMBERS

QUEBEC, Aug. 13.—I have come out to Canada to consult with the branch of the Empire Parliamentary Association in the Canadian Parliament about the arrangements in connection with the conference to be held here shortly, stated Sir Howard D'Egville, of London, upon his arrival Saturday afternoon aboard the Empress of Scotland.

"The whole of the arrangements are in the hands of Mr. Beauchamp, of Ottawa, secretary of the branch in the Canadian Parliament," he added, "and I am only here to consult with him and other chief officials of the association regarding certain phases of the practical work we are to do."

The forthcoming visit to Canada of the Empire Parliamentary Association is its first official visit to Canada since it was formed. Parliamentary visits were made to South Africa in 1924, to Newfoundland in 1925, and to Australia in 1926, and this year it is Canada's turn. On this occasion every Parliament of the British Empire will be represented. This affords a unique opportunity for members of all parties, in all Parliaments, to exchange views on many common problems, such as inter-empire trade, migration, colonization and other vitally important subjects.

Sir Richard, who is the organizer and first honorary secretary of the United Kingdom branch of the Empire Parliamentary Association, outlined the idea of the association's existence as being briefly to enable the members of the Empire's Parliaments to understand each other.

SEAPLANE AIDS IN FOREST FIRE WORK

NELSON, B.C., Aug. 13.—Two hours and a half after it had been reported that a forest fire was burning in the vicinity of the Provincial Government, a forest fire just west of Nelson was under control and shortly after extinguished. Spotting the fire, the observer dropped a message to local officials who dispatched a crew to the scene on Eagle Creek.

Sixty-eight forest fires reported last week in Southern Interior brought the total to 302 for the season, according to local forestry officials. Most of the fires were small and were fought at a small cost. No large fires are burning in the district. A fire discovered southwest of Edgewood, which was burning over 100 acres, is now under control.

CANNOT BRING BRITISH QUOTA

Steamship Accommodation Inadequate to Transport 10,000 Men, Says Mr. Walker

LONDON, Aug. 13.—Owing to inadequate steamship accommodation, it will be impossible to transport to Canada the full quota of 10,000 unemployed who were to work in the Western harvest fields, J. Bruce Walker, director of European immigration for Canada, stated tonight.

Mr. Walker, who has been responsible for the scheme, he continued, "a triumph in complete, harmonious co-operation, and we cannot speak too highly of the assistance rendered by Canadian and other authorities."

Speaking generally, the Ministry of Labor is well satisfied with the expedition and the goodwill which has been evident everywhere, an official of the ministry said tonight. "We regard the scheme," he continued, "as a triumph in complete, harmonious co-operation, and we cannot speak too highly of the assistance rendered by Canadian and other authorities."

MONTREAL CLUBS

MONTREAL, Aug. 13.—In the course of an extensive raid by the police of a Montreal club, police on clubs in the city, forty-two waiters were arrested and charged with having sold intoxicating liquors without permits.

DETAILS OF SETTLEMENT MADE PUBLIC

Correspondence Between British Minister and Chinese Nationalist Government Is Published

CHINESE PROMISE COMPENSATION DUE

Apology Made for Injury Done British in Nanking Affair—Treaty Revision to Be Negotiated

LONDON, Aug. 13.—Correspondence between Sir Miles Lampson, British Minister to China, and Dr. C. T. Wang, Nationalist Foreign Minister, under which a settlement was reached between Great Britain and the Nationalist Government on the Nanking incident of March, 1927, was made public tonight by the Foreign Office.

Under the settlement the Nanking Government apologizes for the Nanking affair and undertakes to punish those guilty of it. The British Government declined to apologize for firing on Soochow Hill. It agreed to negotiations on treaty revision "in due course."

The letters under which the settlement was reached were exchanged on August 9 between Wang and Sir Miles. In the first letter Wang conveyed the Nationalist Government's profound regret at the indignities and injuries inflicted upon British representatives and the British Government and for the losses and injuries sustained by the British consulate and residents.

Responsibility Accepted—Wang said that although it had been proved that the trouble was entirely instigated by Communists, the Nationalist Government accepted responsibility.

Wang undertook that there should be no repetition of the incident, said that the troops concerned have been disbanded and effective steps taken to punish the soldiers and others implicated, and stated that in accordance with the well accepted principles of international law, the Nationalist Government undertakes to make full compensation for all personal injuries and material damage. He proposed that a joint commission be established to verify the injuries caused and to assess the damages.

In a short note, Sir Miles accepted the Chinese letter.

SECOND PLANE IS CONSIDERED

B.C. Airways, Ltd., Will Buy Another Machine If Present Business Continues

City Council Asked to Aid in Laying Out Smooth Runway at Landsowne Airfield

The B.C. Airways, Ltd., will buy another second plane, and will also consider the purchase of a third, if the business now handled by the present plane on the Vancouver, Victoria, Seattle service continues, Mr. Cecil E. E. told the City Council last night in appealing for assistance in the improvement of the Landsowne airfield.

Mr. E. pointed out that the present need of the company was for a runway 2,400 feet long and 300 feet wide. The company had no need for this was ploughing, harrowing and seeding. This would cost \$3,000. A cinch track would be more permanent and serviceable, but the cost would be higher.

Directors of the B.C. Airways, Ltd., were present and several of them asked Mr. E. to consider the purchase of a third plane, which would be used for the purpose of inspection of all flying fields throughout Canada.

Major Cowley said that unless a proper runway was provided for the B.C. Airways, Ltd., planes he would be compelled to refuse them a licence. He told the council of what other cities had done in the matter of assisting aviation and in establishing municipal airports.

Mr. James Beatty said that the present air service was one of the greatest enterprises ever undertaken in Victoria. It had been made possible through the efforts of Eve Brothers and the business men of this city. The company had not asked the city to guarantee any bonds and so felt that their claim for assistance from the city was a reasonable one.

Alderman Marchant felt that the company should get the adjoining municipalities to help too. This the delegation said they would endeavor to do.

A motion was then passed by the council adopting a policy of helping the company, while the details of it were referred to the finance committee, public works committee, city comptroller and Mayor for report to the next meeting of the council.

FATAL AUTO WRECK

LONDON, Ont., Aug. 13.—One youth was instantly killed and five others injured, one seriously, when the auto in which they were riding crashed into a concrete culvert at the city limits. The party was composed of Mount Carmel residents.

To Tour Across Canada

SIR Austen Chamberlain, Great Britain's Minister of Foreign Affairs, undoubtedly the chief figure in international affairs in the world today, is shown here as he appeared on an informal occasion. Disabled by ill health, he has been ordered to take a holiday from his incessant labors, and will sail to California via the Panama Canal, returning across Canada from British Columbia eastward.

COUNCILMEN WON'T BACK MORE BONDS

Mara, Worthington and Adam Think City Is in Deep Enough—Would Safeguard Credit

STEEL DRUM PLANT PROJECT EXAMINED

Ratepayers of Victoria may be asked to vote upon another industrial by-law, in which the guaranteeing of bonds for the steel drum plant project is examined.

The industrial committee brought in a draft agreement of the proposal last night. Alderman Litchfield explained the terms. He said that Mr. E. D. MacLean, Mr. C. D. Hobbs and Mr. Clark, all prominent business men of Victoria, had been contacted by a company to be known as the Steel Containers, Limited, for the manufacture of steel oil drums and allied products. The men mentioned were already directors of the Western Hardware Steel Company, Pacific Bolt Company, Limited, Vancouver Wire Works Company, and Grex Vancouver Galvanizing Company, Limited, Alderman Litchfield said.

BRITAIN FACES HARD PROBLEM

Country Passing Through Difficult Moment, Says Mr. W. D. Robb on His Return

WINNIPEG, Aug. 13.—Great Britain is at present passing through one of the most difficult periods she has ever faced, said Mr. W. D. Robb, who also did Major Cowley's tour of inspection of all flying fields throughout Canada.

Major Cowley said that unless a proper runway was provided for the B.C. Airways, Ltd., planes he would be compelled to refuse them a licence. He told the council of what other cities had done in the matter of assisting aviation and in establishing municipal airports.

Mr. James Beatty said that the present air service was one of the greatest enterprises ever undertaken in Victoria. It had been made possible through the efforts of Eve Brothers and the business men of this city. The company had not asked the city to guarantee any bonds and so felt that their claim for assistance from the city was a reasonable one.

Alderman Marchant felt that the company should get the adjoining municipalities to help too. This the delegation said they would endeavor to do.

A motion was then passed by the council adopting a policy of helping the company, while the details of it were referred to the finance committee, public works committee, city comptroller and Mayor for report to the next meeting of the council.

Speaking generally, the Ministry of Labor is well satisfied with the expedition and the goodwill which has been evident everywhere, an official of the ministry said tonight. "We regard the scheme," he continued, "as a triumph in complete, harmonious co-operation, and we cannot speak too highly of the assistance rendered by Canadian and other authorities."

Speaking generally, the Ministry of Labor is well satisfied with the expedition and the goodwill which has been evident everywhere, an official of the ministry said tonight. "We regard the scheme," he continued, "as a triumph in complete, harmonious co-operation, and we cannot speak too highly of the assistance rendered by Canadian and other authorities."

AGRICULTURAL CONDITIONS

There is a marked improvement this year in the condition of British agriculture, said Mr. Robb, the country was this year reaping one of the best hay and cereal harvests in years. The Agricultural Credits Bill, providing for long-term credits on mortgages and short-term credits in livestock, was important legislation which would encourage the farmer to borrow direct from his banker and pledge his crops and stock instead of borrowing through his merchant.

The promotion of trade between the Empire and the United Kingdom, the valuable work of the Empire Marketing Board, was making itself felt, Mr. Robb stated.

Civic Party to Travel by Plane From Vancouver

Arrangements are complete for a party of city aldermen and their wives to take an air trip to Victoria and back. Alderman E. W. Dean, chairman of the civic air board, stated today.

The trip will be made by a large fourteen-passenger plane of the B.C. Airways, Limited, which also carries two pilots. The party will leave Vancouver at 5:15 p.m. on Wednesday and expect to be in the capital in thirty-five minutes. They will return the same night. Those going are Acting-Mayor and Mrs. P. C. Gibbons, Alderman and Mrs. E. W. Dean, Alderman and Mrs. Frank E. Woodside, Alderman and Mrs. J. A. Garbutt, Alderman and Mrs. R. J. Paul and Alderman Angus MacInnis.

COUNT IN CITY SHOULD SEE FINISH TODAY

Captain Fitzsimmons Reported to Be Declared Elected in Kaslo-Slocan Riding

EFFECT WILL BE MADE TO END SOON

The Conservative candidates in the City of Victoria have increased their lead by about 100 votes each as a result of the official count so far. This has come through the aldermen's vote largely.

The count is not concluded as yet, but it is anticipated that some time today Mr. A. D. Macfarlane, the returning officer of the district, will have concluded his duties. Yesterday the vote cast for the local candidates at Shawanigan Lake was counted. This was a very large one, being 1,136, and it was in any other polling place outside of the city for the various candidates for Victoria.

KASLO-SLOCAN

NELSON, Aug. 13.—Collin J. Campbell, returning officer for Kaslo-Slocan riding, yesterday issued to J. W. M. Tingle, of Silverton, a certificate of the election of Captain Fitzsimmons for that riding.

Mr. Tingle is Captain Fitzsimmons' agent. A telegram to this effect was received by Mr. C. B. Garland, solicitor, who acted for the Kaslo-Slocan member-elect in the official count last week at Kaslo.

PRINCE GEORGE

PRINCE GEORGE, Aug. 13.—The final count in the Port George electoral riding shows that F. P. Burden, Conservative, defeated H. G. Perry, Liberal, by 93 majority. The vote was:

Burden—Ordinary, 1,216; absentee, 271. Total, 1,487.

Perry—Ordinary, 1,136; absentee, 258. Total, 1,394.

There were twenty-three rejected ballots for Burden, and twenty-four for Perry.

VANCOUVER SITUATION

VANCOUVER, Aug. 13.—Extra men have been employed by C. Walter Murray, returning officer for Vancouver, to check the absentee ballots, which have been received from all parts of the province, and it is expected that the final count will be known by the end of the week.

The Provincial Government has requested that all returning officers complete their count before August 18.

In some instances returning officers may not wait until the absentee ballots are received, but will forward these, uncounted, to Victoria.

Most of the delays were caused by the returning officers in the outlying portions of the province who deposited the absentee ballots in the boxes instead of forwarding them to the ridings where they applied.

FRENCH BANKERS TOURING CANADA

European Capitalists Said to Contemplate Increasing Investments in Country

TORONTO, Aug. 13.—Headed by Charles Blumenthal, well-known French industrialist and financier, a party of French capitalists were in line city over the week-end, in the course of a tour of Canada, with a view, it is stated, to increasing their holdings in this country.

The party left last night for Timmins, Ont., where they will inspect the Hollinger mine. They will then go to Sudbury, whence they leave for a tour of the Western cities, including Winnipeg, Regina, Calgary, Edmonton and Vancouver.

Mr. Blumenthal, who is accompanied by Pierre Verdes and J. E. Moffre, of Paris, said that he felt that this visit should lead to still keener overseas appreciation of the healthy forward strides being taken by Canada and the great investment advantages afforded.

"In my opinion," he said, "few countries of the world today offer such an attractive field for investment."

TRAIN HITS AUTO

ST. JEAN, PORT JOLI, Que., Aug. 13.—Two women were killed and a man was seriously injured when the automobile in which they were riding was struck by a Canadian National Railway train at a level crossing here. The three victims were residents of St. Louis, Ilesle County.

HUGE FLOOD BURSTS DAM AND RUSHES ON INDUS RIVER VALLEY

Glacial Barrier Breaks in Himalayas and Lets Loose Lake Nine Miles Long—Twenty Thousand Tons of Water Rush in Ave-Inspiring Torrent Down Kashmir Gorges

Signal Men Stationed Below Lake Give Warning by Fires and Cannon

LONDON, Aug. 13.—Twenty million tons of water are rushing in an awe-inspiring torrent upon the Valley of the Indus, through mountain gorges tributary to the Shoke River in Kashmir, according to messages from Lahore, India. This gigantic flood was loosed last night by the breaking of a glacial ice dam 1,000 feet wide and 1,200 feet thick, which had formed 140 miles north of Leh. At this point the Little Khumban Glacier, in 1924, thrust its nose across the Shoke Valley. For three years the down-coming waters have been piling up, forming a lake nine miles long. It was 1,000 feet above the Indus Valley.

LAND OF THE SKY

It is felt certain that the crops in the path of the flood will be wiped out, and death threatens all who have failed to heed the warnings.

Sir Francis Younghusband, the explorer, who was formerly a British resident in Kashmir, today described the remote region of flood and mystery where the flood waters are accumulating as a veritable land of the sky. He said that the side of the ice dam is almost inaccessible, even by yak.

"The bridge on the road to the town of Gilgit. If this is carried away, that town would be isolated. The river is liable to rise seventy feet in some of the gorges, and gather great speed."

Three Explosions In Subway Cause New York Alarm

NEW YORK, Aug. 13.—A series of three explosions in excavations for new Eighth Avenue subway between Forty-Eighth and Forty-Ninth Streets tonight threw the neighborhood into wild excitement and caused slight damage to construction equipment. No one was injured.

A short circuit in one of twelve electrical conduits caused the blast, firemen discovered. Sand and gravel were flung into the air and a stretch of timber shoring was set afire, but the blast was quickly extinguished.

TWO WOMEN ON POLICE BOARD

PERSONNEL IS ANNOUNCED OF BRITISH POLICE INQUIRY COMMISSION

Duties are to Investigate General Powers and Duties and Methods of Police

LONDON, Aug. 13.—Women are to have a voice in the revision of regulations governing the actions of police and the public prosecutors in the investigation of crimes. This became known today when the personnel of an investigation commission of nine members was announced, and revealed two women on the list.

Dame Mabel Talbot, intelligence officer of the Overseas Settlement Department of the Government, and Miss Margaret Beavan, Lord Mayor of Liverpool, were named on the commission.

The new commission is to investigate the general powers and duties of the police in seeking to solve crimes and apprehend offenders. It will also go into the functions of the director of public prosecutions and the general practice of international criminal law.

The new commission is to investigate the general powers and duties of the police in seeking to solve crimes and apprehend offenders. It will also go into the functions of the director of public prosecutions and the general practice of international criminal law.

U.S. RAILWAYMEN TO TAKE VOTE ON STRIKE

CLEVELAND, Ohio, Aug. 13.—Members of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors in the Western States will hold sectional meetings tomorrow to vote upon a strike following the failure of attempts to arbitrate wage disagreements. A. P. Whitney, president of the trainmen, announced tonight.

The men will vote on the original demands of the labor organizations for increases ranging from ten per cent for yardmen to eighteen per cent for trainmen and conductors, Whitney said.

During recent arbitration proceedings in Chicago between the unions, a committee representing the railroads, and John Williams, of the Federal Board of Mediation, an offer of 7-1-2 per cent increase was made by the roads.

Mr. L. M. Backus Dies

SEATTLE, Aug. 13.—Leroy Manson Backus, forty-eight-year-old clubman and sportsman, a resident of Washington since 1899, died here today after a week's illness. He was president of the Northwest Security Company and vice-president of the Canterbury Investment Company. He was a director of the National Bank of Commerce.

PIONEER DIES

BRANDON, Aug. 13.—Charles McLean, of Little Bourne, Man. com. of the first pioneers of the district, died at his farm this morning. He was 101 years old and came from Scotland in 1878. He was a bachelor.

LABOR LEADER IS ENJOYING TOUR GREATLY

Mr. Ramsay MacDonald's
Arrival at Lake of the
Woods Like Triumphant
Home-Coming

**DAUGHTERS TAKE
RIDE ON ENGINE**

KENORA, Ont., Aug. 13.—Rt. Hon. Ramsay MacDonald's arrival at Kenora this afternoon took on the semblance of a triumphal home-coming. Hon. Peter Heenan had traveled to Hawk Lake to meet the MacDonald party, and when they stepped from the Canadian Pacific train "Ramsay and Peter" were still clapping one another on the shoulder, as pleased with the other as schoolboys on their way home for holidays. On the platform were Hon. T. E. Crenan, W. A. Dowler, Colonel Simms, and Mrs. E. Hutchinson of Kenora. Mr. Hutchinson presented five Canadian Pacific pensioners, and to them Mr. MacDonald spoke the first sentences of his short address.

"This is not my first visit to Kenora, gentlemen, and if it were not for a small place in the north of Scotland I could think of no place in which I would rather live when I, like you, have earned a rest, than this lovely country." Mr. MacDonald said, "I am grateful to you for having come down here this hot day to meet a fellow laborer, and I hope that if you come to the Old Country you will come to see me, and that, unlike my friend Peter Heenan, you will come to see Scotland as my guest. Peter, you see, visited England and Ireland, but he missed my homeland."

LIKES CANADA

"I thank you, ladies and gentlemen, for your welcome. I have come to rest, and without talking politics, I want to emphasize that we in this British commonwealth of nations are one family, and that visits informal visits will help the family feeling when the premiers of the Dominions get together at one table and discuss with understanding and a family sympathy the problems which are before us for discussion."

"I love Canada. I loved her thirty years ago when I first came over, and my great desire in this visit is that my three daughters will love this Dominion as I do."

The Kenora town band played the party to their launch. During their stay at Kenora, the MacDonalds will be the guests of Dr. C. W. Gordon (Ralph Connor) at his summer cottage. They will make a motor cruise of the lake tomorrow, play golf in the afternoon, and cast for a record muskie on Wednesday, leaving in the afternoon for Winnipeg.

GIRLS HAVE GREAT TIME

WHITBY RIVER, Ont., Aug. 13.—Haltless and stockless, the former hostess of Number 10 Downing Street, Miss Isabel MacDonald, climbed the mountain of metal to the engineer's cab of the Canadian Pacific Railway engine No. 2364, which is taking the Rt. Hon. Ramsay MacDonald and his three daughters across Northern Ontario, the first stage of their trip to the coast.

Her sisters, Joan and Sheila, had ridden in coal dust state from Chapleau to Bolckow, and returned to their father with soldier's faces, and frocks unfit for further service. "It was most exciting," said Miss Sheila.

"Rather hot and dirty," added Joan, "but we put on our old frocks." At the tiny station of Bolckow the younger girls gave place to their sister, who was to see the Labor ex-Premier watching his eldest daughter race down the narrow track to reach the engine before the train moved. Mr. MacDonald did not often laugh, but his face broke into a merry smile over those adventures. Miss MacDonald, though a serious member of the London County Council and an experienced political hostess, is at heart as youthful as her sisters.

"I would not have missed so thrilling a ride," she said. "The engine is a beauty." At the tiny station of Bolckow the younger girls gave place to their sister, who was to see the Labor ex-Premier watching his eldest daughter race down the narrow track to reach the engine before the train moved. Mr. MacDonald did not often laugh, but his face broke into a merry smile over those adventures. Miss MacDonald, though a serious member of the London County Council and an experienced political hostess, is at heart as youthful as her sisters.

RAILWAYS FORM ADDRESS TOPIC

Mr. C. A. Cotterell Outlines Matter in Which "Railway Dollar" Is Distributed

NEW WESTMINSTER, Aug. 13.—"Keep your railroads prosperous and you will keep the nation prosperous," said Mr. C. A. Cotterell, general superintendent of the Canadian Pacific Railway, Vancouver, in an address on transportation and its relationship to the nation's business, at a meeting of the New Westminster Board of Trade on Monday.

"Transportation," he said, "has always been foremost among the problems of mankind."

Mr. Cotterell outlined in a striking manner the way in which the "railway dollar" was dispersed across the continent and the great necessity for keeping the railways in a healthy condition, straining their spending power and its effect on the general business of the country. He pointed out that through the development of the Panama Canal, which resulted in heavy increase of traffic through the ports of British Columbia, this province particularly has benefited.

Goodness Gracious!

By J. R. McBride

Touching on the historical phase of his subject, so far as it concerned the Pacific Coast, Mr. Cotterell spoke of the time, seventy years ago, during the Fraser River gold rush when a body of Royal Engineers came up from the west for the protection of colonial interests against the lawless element of that day and built the first real channels of communication on this slope.

It was some years after that, in 1851, he said, that a great statesman, Joseph Howe, saw his vision of a united Dominion of Canada and heralded the coming of the transcontinental railway with these striking words: "There are those within my hearing who will live to hear the locomotive whistle echo in the Rocky Mountains, and make the trip from Halifax to the Pacific Coast in five or six days."

At that time Mr. Cotterell pointed out, Canada consisted only of the older provinces of Ontario and Quebec, the rest being merely scattered British possessions.

From that stage of the country's transportation problem, Mr. Cotterell traced the birth and growth of the great transcontinental span which grew out of the incorporation of the Canadian Pacific Railway Company in 1881.

Goodness Gracious!

By J. R. McBride

Touching on the historical phase of his subject, so far as it concerned the Pacific Coast, Mr. Cotterell spoke of the time, seventy years ago, during the Fraser River gold rush when a body of Royal Engineers came up from the west for the protection of colonial interests against the lawless element of that day and built the first real channels of communication on this slope.

It was some years after that, in 1851, he said, that a great statesman, Joseph Howe, saw his vision of a united Dominion of Canada and heralded the coming of the transcontinental railway with these striking words: "There are those within my hearing who will live to hear the locomotive whistle echo in the Rocky Mountains, and make the trip from Halifax to the Pacific Coast in five or six days."

BORDER WORKERS WIN

DETROIT, Mich., Aug. 13.—Residents of Canadian border cities who have been barred from their jobs in Detroit since December 1, 1927, when General Order No. 80 was issued, may resume their commuting under a temporary injunction issued today by Federal Judge Charles C. Simon, in a case involving Peter Kovalof, Windsor, Ontario.

The order designated all commuters as immigrants rather than temporary visitors, and requires a passport visa in each case.

Air Force Manoeuvres

LONDON, Aug. 13.—Memories of the late war and vivid pictures of the next great struggle will be brought to London's 7,000,000 inhabitants this week, when the metropolis becomes the rallying point of attack and defence of 350 airplanes.

Thirteen powerful squadrons comprising 150 planes, mostly bombers, representing the "Eastland" will make a dash from the south coast each evening and early morning straight for London, in order to drop their hypothetical cargo of high explosives and poison gas. They must pass through rings of six anti-aircraft units and encounter 200 fighters in the air.

The attacks will be of great value in testing Britain's method of communicating warnings by telephone as airplanes can reach London within twenty-five minutes after being sighted on the coast.

MR. L. BULLOCK-WEBSTER RETURNS FROM GATHERING OF WESTERN WRITERS

Dr. Charles G. D. Roberts Gives Address on Literature — Becomes Honorary President

There is a strong probability that the League of Western Writers, which has just held a convention at Portland, will come to Victoria in 1930 for its annual meeting.

Major L. Bullock-Webster, who has returned from the meeting, where he was elected to the executive board to represent Canada, reports that the convention was well attended, prominent men and women from all over the Western States attending to speak.

Dr. Charles G. D. Roberts, who was elected honorary president of the league, had arrived from the Canadian Authors' Convention in Calgary, and spoke on literature. Elsie Fomeny, of Toronto, dealt with "Poetic Appreciation."

Mr. Arthur Chamberlain, editor of Overland Monthly, started sixty years ago by Bret Harte, was elected as president.

The 1929 convention will be held in Los Angeles.

BRITISH NET STARS ENTERED FOR LOS ANGELES TOURNEY

LOS ANGELES, Aug. 13.—The entry of four members of the British Davis Cup team for the second annual Pacific Southwest tennis tournament, scheduled to be held September 29 to October 1 on the courts of the Los Angeles Tennis Club, were received today by officials of the club.

The British team will be headed by H. W. Austin, young Cambridge student, who furnished the sensation of the Wimbledon tournament by eliminating both John Hennessey and George Lott, American, and carrying Rene Lacoste, star of the French team, to five sets before he was vanquished. Gilbert, Gregory and Crole-Reese were announced as other members of the English quartette.

Is Chaperoning Girl Ambassadors

When the fifty young girl "Ambassadors of Empire" were touring Canada under the auspices of the Allied Newspapers of Great Britain, reach here, Victoria will be entertaining the tallest and finest in the British Empire, viz.: Lady Marjorie Dalrymple, O.B.E., who is acting as chaperone to the party.

They are touring the Dominion as guests of the Allied Newspapers of Great Britain, the Cunard Line and the Canadian National Railways.

DETAILS OF SETTLEMENT MADE PUBLIC

Continued from Page 1

Then in another letter Wang alluded to the firing on Socony Hill by the British cruiser Emerald, and expressed the earnest hope that the British Government would express regret for this.

In his rejoinder the British minister stated that the Emerald's action was a protective barrage, strictly confined to the immediate neighborhood and foreign houses, and absolutely necessary for the protection of British lives and property.

Wang then, referring to the settlement, reached, expressed in a new letter the hope that a new epoch would begin in diplomatic relations, and suggested further steps for the revision of treaties and the readjustment of outstanding questions on a basis of equality and mutual respect for territorial sovereignty.

To this Sir Miles replied with an allusion to previous declarations by the British Government in favor of treaty revision, and stated that His Majesty's Government was prepared in due course to enter negotiations with the Nationalist Government on treaty revision.

"His Majesty's Government does not intend to allow the Nanking incident to alter its previous attitude toward China and prefers to consider it as an episode bearing no relation to its treaty revision policy," Sir Miles wrote.

GIRLS WILL SHOW SKILL AT FAIR

Classes Will Be Open for Proof of Domestic Science Ability—Veteran Women to Compete

Two important questions frequently debated will be answered at the Victoria Fall Fair, opening at the Willows next Monday and continuing to August 25. They are: "Can the Girl of Today Perform the Household Tasks as Her Grandmother Did?" and "Do the Schools Teach These Important Tasks?"

Visitors to the fair will find the answer through the school exhibits which are again a big feature showing the work of the scholars from the kindergarten to the advanced stages.

The girls will show their skill both in cooking and needlework. Classes for white bread and brown bread made by girls from fifteen years to seventeen years of age are included. They will also show their skill in bottling fruit and making jams, jellies and marmalade.

The needlework classes should also demonstrate their skill in the necessary art, as well as the more artistic branch of it. They are invited to compete for prizes for darning socks or stockings, making middie blouses, nightgowns and rompers.

Other classes for boys and girls will cover penmanship, brushwork, drawing, raffia work, clay modeling and color work.

In direct contrast to the school exhibits is a class in the women's department. In this there are seven classes in which the competitors must be ladies over seventy years of age. In these classes the veterans of the needle will compete for honors in crocheted work, knitting, embroidery and tatting.

RAILWAYS FORM ADDRESS TOPIC

Mr. C. A. Cotterell Outlines Matter in Which "Railway Dollar" Is Distributed

NEW WESTMINSTER, Aug. 13.—"Keep your railroads prosperous and you will keep the nation prosperous," said Mr. C. A. Cotterell, general superintendent of the Canadian Pacific Railway, Vancouver, in an address on transportation and its relationship to the nation's business, at a meeting of the New Westminster Board of Trade on Monday.

"Transportation," he said, "has always been foremost among the problems of mankind."

Mr. Cotterell outlined in a striking manner the way in which the "railway dollar" was dispersed across the continent and the great necessity for keeping the railways in a healthy condition, straining their spending power and its effect on the general business of the country. He pointed out that through the development of the Panama Canal, which resulted in heavy increase of traffic through the ports of British Columbia, this province particularly has benefited.

Situated in nice location near Oak Bay carline. Four bedrooms, one bedroom on ground floor en suite with three-piece bathroom; extra bathroom upstairs; gas furnace; attractive drawing-room; nice grounds. Price reduced from \$7,000 to \$5,250, terms.

PEMBERTON & SON
625 Fort Street Phone 388

SAYS BIG HOLDINGS PASSING

Rearing of large families is breaking up the extensive individual land holdings in Chile, according to W. P. Jones, of Osorno, who in 1869 bought more than 25,000 acres of land at the equivalent of 20 cents an acre. In a recent statement he said that marriages in South

America, more particularly among the country people, are blessed with large families, and as the sons remain in the district the land is automatically subdivided among them. In proof of his contention, he produced figures showing that in the Province of Osorno there are now about 6,661 rural properties valued at \$21,000 and under.

PEACE RIVER ENTHUSIAST VISITS CITY

Unusual Obstacles Overcome by Hiker Who Travels Here to See Hon. S. F. Tolmie

REACHED HIS GOAL BY SCHOONER

Advocates of settlement of the Peace River district by accelerating railway construction have been numerous since the opening of the country. Mr. Frank Reed, of Grand Haven, near Port St. John, who was in Victoria during the week-end, has pursued that advocacy on foot over wide stretches of Canada, although handicapped by a blind eye, occasioned in an accident while working his way near Moose Jaw.

He obtained a great deal of publicity through the country when he hiked across the Dominion to draw the attention of the authorities at Ottawa to the need for railway communication.

A Kansas farmer by occupation, he was one of the many attracted from the United States some years ago to the British Columbia side of the boundary, going in 3,000 miles overland by prairie schooner. He has had somewhat similar experiences to other men who went in during the boom, who have been unable to obtain the best results owing to lack of rail communication, although he says this season has been a good one for the farmers of the district. In addition to his advocacy of rail communication between Alberta and British Columbia through the prairie section, he had another reason for this visit, it being his desire to seek an interview with Hon. S. F. Tolmie to ask for additional surveys to be made of land. In order to throw it open to selection. As a result of an interview with the prospective Premier, he appears well satisfied that his objective will be attained in the near future.

An ardent believer in the fertility of the Peace River, Mr. Reed is ready to talk enthusiastically about the advantages of settling there, and of the possibilities for grain and stock in the district.

He is now on his way through the Western United States to appeal for American farmers to try the new Northland, and he expects to obtain strong support for the object of his present tramp along the Pacific seaboard.

Dr. H. H. L. Bellot Dies

WARSAW, Aug. 13.—Dr. Hugh H. L. Bellot, British delegate to the International Law Association conference here, was found dead in his hotel room yesterday. Although he complained to friends last night that he felt unwell, the exact cause of death has not yet been determined. Dr. Bellot was for many years chief secretary of the International Law Association.

Meets an Old Friend

RAMSAY MacDonald, British Labor leader and former premier, paid a call on James Simpson, Toronto Labor leader at the latter's home. The two are old friends, having met first in 1897. The picture shows Mr. MacDonald on the left and Mr. Simpson on the right.

VISITORS VIEW NEW CATHEDRAL

Travelers From Distant Points Take Advantage of Opportunity Offered

Visitors from all parts of Canada and the United States, from England, New Zealand, and the Philippine Islands were among the hundreds of people who took advantage of the opportunity to see the interior of the new Christ Church Cathedral on Sunday afternoon.

A partial list of addresses among the signatures in the visitors' book includes the following places in the Dominion: Alberni, Chemainus, Kamloops (7), Kelowna, New Westminster, Portleton (5), Sidney, Smithers, Vancouver (21), B.C.; Calgary (7), Canmore, Edmonton (3), Alta.; Roselawn, Saskatoon (3), Sask.; Brandon, Man.; Toronto (4), Welland, Wellington, Ont.; Montreal (2), Westmount, Que.; Saint John, N.B.; Summerside, P.E.I. Five persons gave addresses in England. Among places in the United States were Bellingham and Seattle, Wash.; Lima, Ore.; Coronado and San Fernando, Cal.; Chicago, Ill.; Philadelphia, Pa. Other signatures gave addresses at Manila, P.I., and New Zealand.

The architect, Mr. J. C. M. Keith, F.R.I.B.A., conducted a number of large parties around the building at intervals during the afternoon. The twelve stones from Canterbury Cathedral, underneath the foundation stone, laid by the Bishop of London, were objects of great interest to all. Many were the expressions of astonishment and admiration at the loftiness, majesty and strength of the building.

Married Man—"We have been married twenty-five years and have never had an opinion in common until last week when our house was on fire and we both wanted to get to the door at once."

Durban's Concert to Aid Connaught Club

H.M.S. Durban's concert party will give the following programme to-night at the Chamber of Commerce in aid of the Connaught Seamen's Institute:

PART I

Overture by Durban's Band. Song, "Pilgrims of the Night," Leading Telegraphist Briggs. Airs on the tin whistle, P. T. I. Darlison. Song, "In Other Words," Leading Stoker Carr. "Cross Words," Stoker P. O. Fairbrother and Leading Seaman Davies. Cornet solo, selected, A. B. Willoughby. Double, "You Don't Like It—Not Much," E. A. Baker and E. R. A. Harris. Solo, "The Hornpipe," Ord. Seaman Dinham. Monologue, "The Pictorial of Li Fang Foo," A. B. Mahomet. Song, "Ramona," Stoker Naylor. Song, "Hire-Purchase System," E. R. A. Mallett. Chatter, or speech, Sergt. Lane. Durban's Band during interval.

PART II

Song, "I Thought She Loved Me," Stoker P. O. Fairbrother. Double selected, E. A. Baker and E. R. A. Harris. Song, selected, A. B. Mahomet. More looks on the whistle, P. T. I. Darlison. Song, selected, Stoker Naylor (female impersonator). Music by "Ye Durbanites." Song, "Saunages," Leading Telegraphist Briggs. Lightning sketches, Leading Seaman Davies. Song, "Knock at the Door," E. R. A. Mallett. Shadow play, "Bloodless Surgery," Sergt. Lane and Uncle John. Song, "Shurr-up!" Leading Stoker Carr.

Ontario Liquor Board Dismisses Employees

TORONTO, Aug. 13.—Reports that four employees of the Ontario Liquor Control Board were dismissed because they were present at a house in North York on August 5 while drinking was going on, were confirmed by Sir Henry Drayton today. Sir Henry refused to give the names of the men.

DAWN FLYING IS SMOOTHEST

FEW MOVEMENTS OF CONTROLS NEEDED IN STILL AIR. STUDENT LEARNS

Airman Has Opportunity to Enjoy Panorama Below. Don Brown Gets Lots of Fun.

By DON BROWN
(Copyright by North American Newspaper Alliance)

NEWARK - ELIZABETH AIRPORT, Aug. 13.—Taking off at 6:30 o'clock in the morning with my instructor, we found the air over the Jersey meadows so still the plane flew smoothly. For the first time, I had a chance to look about me and think of something else than continually maintaining a precarious balance. Before this the weather has been unusually rough, and we have been bounced about in ways that make a novice flyer nervous, to say the least.

Through a long bluish haze the great buildings of Manhattan rose a dozen miles away into towers tipped with gold by the early sun.

For the first time, the instructor turned the controls over to me when we were only a few hundred feet up. I was able to climb and fly the plane about the country in big circles or figure-eights, running it easily at times for a forty or sixty some way or lake that seemed attractive. It was the most fun I've had yet in a plane.

Looking straight down through the clear air I could see tiny details of the country below distinctly gleaming in colors of a fresh jewel-like brilliance. The vividness of detail and color from the height of half a mile is startling to anyone used to looking at distant objects across country through the haze of dust or smoke that always hangs about the earth.

From nearly 3,000 feet up, I could see the sweep of blades of grass and the shining of puddles of water in the meadows. As the sun rose higher the sky grew bluer and delicate drifting clouds appeared.

I was beginning to fly almost completely without effort. Lulled by the steady roar of the motor I enjoyed the strange combination of grandeur and delicate beauty which all the air and earth presented.

SPRINKLING DOWN

I nosed the plane forward and the roar of the motor died away as he throttled it down. The earth tipped up, the horizon rose above nose. The landing field seemed to move toward us. There was only the shrilling of the wind through the wires and struts and its coolness on my face as we swung down in wide circles. A quarter of a mile from the field and we were flying hardly fifty feet over the meadows.

"Hold your controls lightly, but don't interfere with me, and feel how I land the plane," the instructor said.

As we lost speed for the landing, I could feel the controls being swished about widely and more quickly than when the plane is moving fast. This was because they are less effective at low speed with correspondingly low air pressure.

We dropped to the ground so lightly there was no feeling of touching it. We had made a perfect "three point" landing, that is, the same time, so the strain of landing skid all touched the ground at the two landing wheels and the tail was evenly distributed.

Tomorrow, the instructor has promised to turn me loose and let me try anything I want in the air. I expect to give him a few surprises and I may get one or two myself.

HEALING MISSION CURE RECALLED

Miss Dimmick Says Treatment Received at Mission of Dr. Price Has Been Permanent

One of the sensations of the evangelistic campaign conducted by Dr. Charles Price in 1925 was the treatment of Miss Ruby Dimmick, daughter of Rev. J. P. Dimmick, then holding a pastorate here. This cure occurred at the Metropolitan Church on April 20 of that year. On Sunday, at the Gospel Tabernacle of the Christian and Missionary Alliance, Miss Dimmick stood on the platform beside her father, who was the visiting speaker of the day, and said that, despite many reports she had received to the contrary, the cure had been permanent. From these reports, she said, she wondered what kind of a person she really was, for some had said that "my foot was amputated," and the same foot was "in a cast," and further, three years ago she was "dead" and also was "in an asylum."

She gave testimony that she was healed and that the last year had been one of the best of her life.

With the Ex-Servicemen Organization's

In Victoria and District

ARMY AND NAVY ENTERTAINMENT Under Chairman W. deGruchy an enjoyable smoking concert was held in the rotunda of the Victoria unit of the Army and Navy Veterans in Canada on Saturday evening.

The Eagles' Band, under Bandmaster Cawsey, contributed several popular items. Songs and recitations were given by G. Wilson, E. H. Livesey, F. Chevalley, G. Muir, H. Fryth, A. L. Brooks and Leading Stoker Carr. Harlan, Lane, Color Sergeant Lander and Stoker Davies, of H.M.S. Durban.

At the close of the concert, Leading Stoker Carr expressed the appreciation of his comrades from H.M.S. Durban for the reception they had received and moved a hearty vote of thanks to the unit and committee.

Mrs. E. Daird Flies With Son to Vancouver

That the elder generation of Victorians is as anxious as the younger people to test out travel by air was shown on Sunday afternoon, when Mrs. E. Daird, of Sidney, made the journey by air to Vancouver, in company with her son, Mr. Victor Daird. She has resided sixty-five years here, and this method of travel proved a novelty to one of the oldest residents of this district.

"Until recently Fred was altogether unimpaired," "And now?" "He's found a girl who tells him he's unimpaired."

Algermon (on visit to the country)—"Yes, it costs me five thousand a year just to live, don't you know?" Farmer—"Don't ye pay it. Taint with it."

This hard gritty carbon that causes wear

There's an oil now that forms none of it!

You likely think of carbon as it forms in hard layers on piston and cylinder heads—removed only by expensive scraping.

But the tiny abrasive chips of flint carbon that constantly "sandpaper" your bearings, your cylinder walls—every moving engine part—they'll wear your motor out before its time!

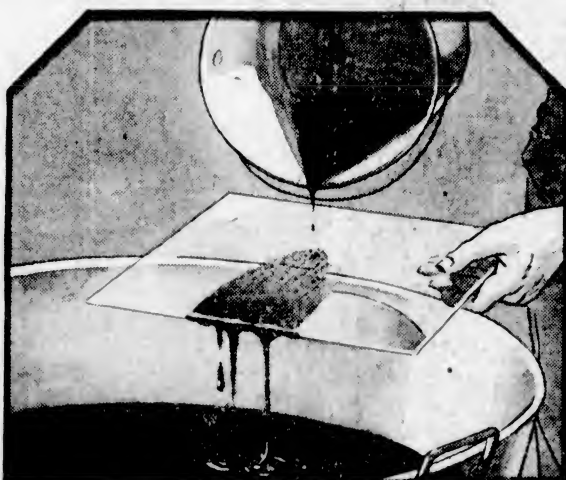

And you may be blaming hard carbon to something other than its real cause. It comes from burned motor oil. It causes knocking, you may know. Flakes chip off and get under valves, holding them open to waste power, to burn and warp.

Strangely enough, even the costliest oils often form the most carbon—three to five times as much. And the carbon they form is hard, flint-like—the sort that causes serious damage.

So you can't judge motor oils on "lubricating value" alone. A vital point is the carbon they form—How much? What kind? There is one oil you should know about in this connection.

Soft carbon—and only a little of it

Shell Motor Oil, made by a new refining process, forms less carbon than any oil you can buy. What little it does form is soft, sooty—blows away through the exhaust.

Pour waste oil on a pane of glass—you'll see bits of metal "filings" from your motor's moving parts. And "dirt"—gritty black carbon that causes wear!

Shell Motor Oil forms only 1/3 to 1/5 the carbon of even the costliest oils—and soft, sooty-like carbon that easily blows away through the exhaust

It has a remarkably high heat resistance, holds its sturdy lubricant body under heat that would ruin ordinary oils.

In every way it is a smoother, finer lubricant; you are fully justified in saying that it "adds thousands of miles to the life of your car."

Insist that Shell Motor Oil be put into your car when you refill, when you buy extra oil. You are sure then not only of good lubrication—but freedom from gritty carbon.

SHELL MOTOR OIL

Shell 400, the new "dry" gas that explodes cleanly and keeps out of the crankcase, is the ideal running mate for Shell Motor Oil. Even Shell Motor Oil can be ruined by "thinning" with a "wet" gas.

FOREST FIRE SPREADS TO FARM LANDS

Apart From Outbreak on Osborne Ranch, Sooke Fire Is Now Under Control With Guard Nearby

LOGGERS SUFFER \$50,000 DAMAGE

Fire fighters were still struggling to keep the forest fire off the Sooke Road, some fifteen miles from the city, under control last night. The fire broke out early Sunday morning, followed by the deluge of rain on Sunday night, had assisted the loggers greatly in getting the fire under control, but late yesterday afternoon it broke out again, setting fire to a barn on the Osborne ranch property, which the loggers had been endeavoring to save for three days.

The damage could not be ascertained at a late hour last night, but reinforcements were rushed to the area and reports indicated it was under control.

Damage to the Pednault logging camp, over which the fire raged on Saturday night, has been placed at \$50,000. Total damage done by the fire will not be known for some time.

Sunday night's rain permitted the loggers to put a fire guard around the outbreak, and now patrols are watching to see that the blaze does not jump. This will allow the fire to burn itself out within the confined area.

FIRES ON ISLAND

Fanned by a high westerly wind, two forest fires on Vancouver Island were carried out of control on Saturday evening. Although fought by large crews of loggers, under the direction of forest rangers, the outbreaks have occasioned considerable damage.

On the Bainbridge Lumber Company's operations, near Alberni, one donkey engine was destroyed, one was damaged, and 1,000,000 feet of felled and bucked timber was burned over. The blaze covers 200 acres today. There are sixty men fighting it.

Commencing on the workings of Malson Lumber Company, a fire broke out, a Victoria girl, who has brought to the city for the first time the grand challenge cup by winning the highest aggregate points for Highland dancing at the forty-second annual Caledonian games at Canada's Pacific Exhibition at Hastings Park, Vancouver, last Saturday. This cup carries the Pacific Coast championship for professional Highland dancing, so it is no small honor this young dancer has won for herself and for Victoria.

A daughter of Mr. and Mrs. Charles Ferguson, of 1206 Douglas Street, Miss Nancy Ferguson, who is eighteen years of age, spent her earlier childhood in Scotland, but after coming to Victoria with her parents, had instruction in the Highland dances from Mr. J. S. MacFarlane. She is one of the youngest of Canada's professionals, having opened classes here some time ago, and it is also greatly to her credit that two of her little pupils, Maryann Peterson and Betty Weber, the only Victorian entries in the "novices under 12" class at the Highland dancing at Vancouver, also came home with the two first prizes in their class, Betty winning first in the Highland fling and Maryann the second, while Maryann won first in the Highland fling for competitors under eight. They took these honors among a great number of competitors.

Miss Ferguson made the highest number of points by winning three firsts and a second prize, as follows: Sailors' hornpipe (open)—1, N. Ferguson; 2, L. Wilson; 3, B. Fraser. Highland fling (open)—1, N. Ferguson; 2, B. Fraser; 3, L. Wilson. Sword Dance (open)—1, B. Fraser; 2, N. Ferguson; 3, Mrs. O. Dalgleish. Sean Truibhas (open)—1, N. Ferguson; 2, B. Fraser; 3, L. Wilson.

In addition to the grand challenge cup, the winner secured some valuable cash prizes and free transportation to the Banff Highland games to compete for the Canadian championship, at present held by Mr. L. Wilson, one of the competitors in the Hastings Park events last Saturday.

Nancy Ferguson has shown herself to be a good all-round student, having passed her first year at Victoria College with a high percentage while carrying on her dancing class.

Obituary

LIM FOO—The funeral of Lim Foo took place from Haywards B.C. Funeral Chapel yesterday afternoon. Many friends attended and the casket and hearse were covered with beautiful floral offerings. The following acted as pallbearers: Messrs. Wong Hing Yuen, Ng Kok Hing, Ng Kok Shung, Ng Lye, Hong Yow and Ching Dow. Interment was made in the Chinese Cemetery.

POSTER—The remains of Ruth Evelyn Poster, who died in this city on Saturday, are resting at Haywards B.C. Funeral Chapel, from where the funeral will take place this afternoon at 3:15 o'clock, proceeding to St. Columba Church, Strawberry Vale, where service will be conducted by Rev. A. L. Nixon at 2:45. The funeral will then proceed to St. Michael's Cemetery, where interment will take place.

SAKER—Funeral service for Mr. Henry Saker, who died in this city on August 10, was held yesterday afternoon from the S. J. Curry & Son Funeral Home. Rev. Canon Finchcliffe conducted the service during which the hymn, "Abide With Me," was sung. There were many friends present and beautiful flowers covered the casket. Mrs. Chambers represented the Pro Patria Branch of the Canadian Legion. The following acted as pallbearers: Messrs. Ross Bewell, F. O. Maynard, H. W. Goggin, A. Hill, G. P. Grant and Captain Vernon-Jackson. Interment was made in the Royal Oak Burial Park.

KILLAM—The funeral of Arthur Stanley Killam, of 1135 McKendrick Street, who passed away on Saturday afternoon at St. Joseph's Hospital, aged sixty-seven years, will be held this afternoon at 2:30 o'clock from the Sands Funeral Chapel under the auspices of the I.O.O.F. The remains will be forwarded on the midnight boat to Vancouver for services and interment. Mr. Killam is survived by his widow, at home, and one son, Mr. G. F. Killam, of Grand Forks, B.C.

HUETHER—The funeral of Mrs. Huether will take place this afternoon at 2 o'clock from McCall Bros. Funeral Home. Interment will be made at Rose Bay Cemetery.

Gar Wood's Boat Meets Disaster On Maiden Trip

DETROIT, Aug. 13.—The speed boat, Miss America VII, Gar Wood's new Harlow trophy defender, launched yesterday, broke up in the north channel of the St. Clair River at Algonac, near here, while on her second trial run.

Wood, world's premier speed boat pilot, and his mechanic, Olin Johnson, Detroit, were thrown into the water and painfully, but not seriously, hurt.

LOCAL GIRL WINS CHALLENGE CUP

Miss Nancy Ferguson Returns From Vancouver Exhibition With Coast Championship

MISS NANCY FERGUSON

Members of the local Scottish community and many others are congratulating Miss Nancy Ferguson, a Victoria girl, who has brought to the city for the first time the grand challenge cup by winning the highest aggregate points for Highland dancing at the forty-second annual Caledonian games at Canada's Pacific Exhibition at Hastings Park, Vancouver, last Saturday. This cup carries the Pacific Coast championship for professional Highland dancing, so it is no small honor this young dancer has won for herself and for Victoria.

A daughter of Mr. and Mrs. Charles Ferguson, of 1206 Douglas Street, Miss Nancy Ferguson, who is eighteen years of age, spent her earlier childhood in Scotland, but after coming to Victoria with her parents, had instruction in the Highland dances from Mr. J. S. MacFarlane. She is one of the youngest of Canada's professionals, having opened classes here some time ago, and it is also greatly to her credit that two of her little pupils, Maryann Peterson and Betty Weber, the only Victorian entries in the "novices under 12" class at the Highland dancing at Vancouver, also came home with the two first prizes in their class, Betty winning first in the Highland fling and Maryann the second, while Maryann won first in the Highland fling for competitors under eight. They took these honors among a great number of competitors.

Miss Ferguson made the highest number of points by winning three firsts and a second prize, as follows: Sailors' hornpipe (open)—1, N. Ferguson; 2, L. Wilson; 3, B. Fraser. Highland fling (open)—1, N. Ferguson; 2, B. Fraser; 3, L. Wilson. Sword Dance (open)—1, B. Fraser; 2, N. Ferguson; 3, Mrs. O. Dalgleish. Sean Truibhas (open)—1, N. Ferguson; 2, B. Fraser; 3, L. Wilson.

In addition to the grand challenge cup, the winner secured some valuable cash prizes and free transportation to the Banff Highland games to compete for the Canadian championship, at present held by Mr. L. Wilson, one of the competitors in the Hastings Park events last Saturday.

FIGHT OVER FISH NETS COURT FINE

Schmoozers Used to Cut Japanese Ling Cod Lines Near Pender Harbor

VANCOUVER, Aug. 13.—Discovery of a cod bank in Mainpina Strait, between Pender Harbor and Texada Island, has almost led to blows between rival fishing forces, composed of whites and Japanese, according to Provincial Police reports.

Aftermath of the trouble was heard by Stipendiary Magistrate R. Bryndison at Pender Harbor on Friday, when he assessed Joe Silvey, white fisherman, \$14.50, for cutting the lines of Kaichi Hamamura, a Japanese.

The white fishermen claim to be discoverers of the new fishing grounds, which are situated near a reef, and they say that the Japanese are attempting to crowd them out and to monopolize the fishing.

According to Hamamura and Japanese witnesses, Silvey cut the cod lines with a pair of scissors. Silvey told the magistrate that he would appeal the conviction.

ESQUIMALT FOR ARTERIAL PLAN

COUNCIL TO DRAFT BY-LAW FOR ERECTION OF STOP SIGNS IN DISTRICT

Qualification of School Trustees Is No Question For Council States Councillor W. J. Cox

Realizing the value of arterial highways in its municipality, the Esquimalt Council last evening decided to have its solicitor draw up a by-law to be ready at the next meeting of the council.

Reeve James Elrick stated that he attended the Police Commission meeting held in the city last week and that the latter were willing to install the highways from Johnson Street bridge to Dominion Road, the council to continue them to the terminus of Esquimalt Road. According to Chief Acreman's report, the council had no objection to the erection of stop signs on Esquimalt Road alone. It is expected that if the by-law is ready by the next meeting it will have its first reading.

The Esquimalt Voters' League wrote the council regarding the qualification of one of the school trustees, asking that they take up the matter. Councillor W. J. Cox moved that the letter be referred back to the voters' association, telling them that the council had no objection to the erection of stop signs on Esquimalt Road alone. It is expected that if the by-law is ready by the next meeting it will have its first reading.

Councillor W. J. Cox, of the industrial committee, reported that the Esquimalt Playing Field Association was willing to take up the matter of the council to install the highways from Johnson Street bridge to Dominion Road, the council to continue them to the terminus of Esquimalt Road. According to Chief Acreman's report, the council had no objection to the erection of stop signs on Esquimalt Road alone. It is expected that if the by-law is ready by the next meeting it will have its first reading.

The council reported that several tax sale lots had been sold. W. R. Begbie, of Vancouver, purchased Lot 26 and 27 of Block 1 for \$260. Eva M. Kemp and Charlotte M. White, of Grenville Street, bought Lot 10, 11 and 12 for \$175. Lot 25 of Block 1 was sold to C. G. Girdlestone, of 1127 Lyall Street, for \$130.

MANAGER ROBS BANK

OTTAWA, Aug. 13.—Olivia Robitaille, former manager of the Caledonian Point branch of the Banque Canadienne Nationale, was arrested Saturday charged with the theft of \$13,000 extending over a period of five years. Last October the branch of the bank of which Robitaille was manager was stated by him to have been robbed of \$10,000 by armed bandits. Today's arrest is the result of long investigation by provincial officers of Quebec.

WIFE'S BODY FOUND AT MALCOLM ISLAND; HUSBAND IS MISSING

VANCOUVER, Aug. 13.—Early reports from Malcolm Island, indicating that the body found floating on a small lake there last week was that of T. Valinkangas, have been contradicted by news that the body was that of his wife.

Valinkangas is missing and a search has so far failed to give any hint as to his whereabouts. Provincial Police are investigating.

The last seen of Mr. and Mrs. Valinkangas was on August 4, when they left Soanila on a salmon trolling trip in their boat.

The body of Mrs. Valinkangas had a bullet wound in the head.

SHEEP INDUSTRY SEES REVIVAL

CARIBOO FARMERS PLAN LIVESTOCK SHOW AT WILLIAMS LAKE SEPT. 28 AND 29

Farmers' Institute Has Been Organized for That Section of the Province

Increasing interest is being shown in the livestock industry in the Cariboo. It is announced that there is to be a livestock show and sheep exhibition held at Williams Lake on September 28 and 29. The residents are assisting very materially in the preparations for the show, and a sum of something like \$1,500 in prizes is being offered at this fair.

New buildings for the purposes of the show have been erected, and a race track and other facilities for the carrying out of the fair have been put in place. The fair will be especially creditable, it is announced, in the line of sheep and cattle. In both these sections there is announced to be ever increasing interest manifested by the farmers in the district.

In addition to the opening of the fair in that district, there is the announcement that the Cariboo farmers have organized a Farmers' District Institute. The first convention in connection with this organization is to be held at Williams Lake on September 28, which will coincide with the holding of the fair there, and thus facilitate the attendance at the gathering.

Empire Marketing Board To Exhibit in Toronto

QUEBEC, Aug. 13.—Declaring that he had been sent to Canada by the new High Commissioner for the United Kingdom in Canada, Colonel M. B. Cole, director of the exhibitions division of the Department of Overseas Trade and principal of the Empire Marketing Board, reached the Dominion today.

As an official of the Department of Overseas Trade and principal of the Empire Marketing Board, Colonel Cole, who made the crossing on the Empress of Scotland, said, "We act as agents for the preparation of exhibitions for the Empire Marketing Board anywhere."

"The Empire Marketing Board is staging an exhibit in the Toronto Exhibition. We will show Shopping Week, a cattle show, research work in connection with certain diseases to which apple trees are addicted, and publicity in its various forms, while there will be models of Fleet Street, Trafalgar Square and other important centres in London and the United Kingdom," declared Colonel Cole.

CHEVROLET

FISHER

Body by FISHER

FISHER Body and Fisher Body alone made it possible for Chevrolet to demonstrate what wonders can be accomplished in beautifying a car of popular price. There is an obstacle which quite literally prevents any car from giving that which only Fisher gives. This obstacle is the stubborn fact that nowhere in the world is there anything even remotely approaching the unrivaled facilities of Fisher Body in the creation either of beauty or of value. For that reason the cars with Body by Fisher which everywhere arouse such unusual admiration, cannot be duplicated or rivaled because Fisher Bodies cannot be duplicated or rivaled. Chevrolet was able to draw upon these unrivaled Fisher Body resources and the result is an exquisiteness of appearance so pronounced and so advanced that it places the car absolutely alone and supreme in its class.

NATIONAL COUNCIL ASKING \$200,000

Nationwide Appeal for Subscriptions to Foundational Fund Launched

A nationwide appeal for a foundation fund of \$200,000 will be conducted by the National Council of Women of Canada, it is announced by Mrs. Frederick Etherington, of Kingston, Ont., convenor of the fund committee. Headquarters have been established in Kingston and preparations are being made to begin the public effort in the latter part of September or early October.

The National Council is a federation of local councils which are composed of women's organizations of every kind. It is represented in every principal city of the Dominion and has a membership which, allowing for duplications, is estimated to exceed 200,000 women.

The foundation fund, when invented by a board of directors to be named, is expected to yield an annual income of \$10,000. This will be used to pay part of the expenses of delegates to national conventions of the organizations, and also to continue the work and publish the findings of national standing committees. It is also hoped that the fund will make feasible the establishment of a national headquarters.

National officers are: Her Excellency Viscountess Willingdon, Ottawa, honorary president; Mrs. J. A. Wilson, Ottawa, president; Mrs. Horace Parsons, Toronto, acting convenor; Mrs. S. C. Tweed, Waterloo, recording secretary; and Mrs. W. A. Quibell, Toronto, treasurer.

The National vice-presidents are: Mrs. Etherington, Miss C. E. Carmichael, New Glasgow; Mrs. Wiloughby Cummings, D.C.L., Toronto; Dr. Stowe Gullen, Toronto; Lady Aikens, Winnipeg; Mrs. Charles H. Thorburn, Ottawa; Judge H. C. McGill, Vancouver. The provincial president of British Columbia is Mrs. Paul Smith, 2847 Fifth Avenue, Vancouver, while Miss Susan Crease, 1201 Port Street, is president of the Victoria local council.

Women's Institutes of Vancouver Island

VICTORIA

Arrangements are complete for the Victoria Women's Institute part in the annual Fall Fair at the Willoughby Hotel. In addition to the Institute exhibit the members will serve tea, it was announced at the regular meeting held last Friday. Mrs. Feden, the president, was in the chair, and twenty members answered the roll-call. Another important matter discussed was the tea day to be held on Saturday, September 8, in aid of the Salarium at Mill Bay. Any offers of assistance for the day would be greatly appreciated. Information to be sent through Mrs. Feden, 820 Princess Avenue (Phone 4068), and Mrs. Campbell, 1123 Esquimalt Road (Phone 2047). Meetings will meet at 203 Union Building on Friday, September 7, to plan tags. Tea will be served.

An invitation was received from the Royal Oak Institute to attend their picnic on Monday, August 27, at Cadboro Bay. Mrs. Campbell, the district president, gave a short account of her visit to Up-Island Institutes, and showed a specimen of handmade lace from Denmark Island, for which a market will be found if possible.

SHIRLEY

At the regular meeting of the Shirley Women's Institute, which was held on Saturday afternoon, it was decided to encourage the local Junior Red Cross members by giving them a picnic at Muir Creek next Saturday afternoon to which they can bring their younger brothers and sisters. The Institute will send the picnic for making marmalade to the salarum this year instead of the usual donation of jam, orange marmalade being an essential article for the children's dress. A letter of thanks was received from Miss Stone for the dozen shirts made by members of the Institute for the salarum. Mrs. Macdonald and Mrs. Norval Milligan reported having visited recently and gave a most interesting account of the children and the surroundings. An emergency fund of \$100.00 will be donated to the Shirley School. Many of the members were absent owing to the holiday season. The president, Mrs. H. F. Anderson, was in the chair.

SHAWINIGAN

The Shawinigan Women's Institute held its annual sale on Saturday afternoon in the S.L.A.A. Hall, and cleared nearly a hundred dollars. The fancywork, in charge of Mrs. Buckle, Mrs. Macdonald and Mrs. Christison, displayed many attractive aprons for old and young, also handkerchiefs, and some artistic wool work in bags and quilting pads. At the home-cooking stall, which was well patronized as usual, were Mrs. Bloomquist, Mrs. F. Elford and Mrs. N. Alexander. Mrs. Gannon did a brisk trade at the candy stall, and Miss Molly Hawking dispensed ice cream and lemonade. Tea was served throughout the afternoon by Mrs. Kingsley, Mrs. Beeson and Mrs. Dyson, assisted by Marjorie Jeatt and Cicely Twiss. Mrs. Layton netted a substantial sum from the activities she had in hand, and the spinning Jenny, operated by Mrs. Wyde and Mrs. West, proved a great attraction. Mrs. Whelton acted as treasurer. Donations of a quilt made by Mrs. Kingsley and Mrs. Bloomquist, a satin cushion cover from Mrs. Macdonald, a water color painting from Mr. J. Christison, a silver dish from Mrs. J. Finlay, and a bunch of home-grown gladioli from Mrs. Purkington, helped to make the sale a success, and the support of all those friends of the Institute who so kindly contributed their time and material, was very much appreciated.

Hillcrest Tennis Dance

The Hillcrest Tennis Club will hold a fandel dance on Thursday evening in the K. of C. Hall from 9 till 1 o'clock. The winners in the recent tennis tournament at Esquimalt will receive their prizes during the evening and the committee in charge of the affair comprises Miss K. Mulhaly, Mr. R. Butler and Mr. H. Pullen, from whom tickets may be obtained.

Weddings

JENKINS-LOCKHART

On Thursday last, Rev. B. E. Spurling officiated at the marriage of Mr. Roy Nicholas Jenkins and Miss Rosabelle Lockhart, both of Nanaimo. Witnesses to the ceremony were Mr. and Mrs. Gordon Smith, of Chemainus, and Mr. Gordon Stanley McRae, of Nanaimo.

BUCHAN-McBRYER

Nearly one hundred guests were present at the wedding at Craigdarroch Castle on Saturday evening, when Miss Agnew (Nan) Thomson McBryer, youngest daughter of Mr. and Mrs. J. McBryer, Sr., became the bride of Mr. James Cameron Buchanan, youngest son of Mrs. A. Buchanan, 963 Cloverdale Avenue. Rev. J. G. G. Bompas, B.A., B.D., assistant pastor of the First United Church, officiated. Given in marriage by her father, the bride was lovely in her wedding gown of white georgette trimmed with silver lace, her net veil being arranged in cap effect with a coronet of orange blossoms. Her bouquet was of Ophelia roses and carnations. Miss Agnew McBryer, the bridesmaid, a niece of the bride, wore a pretty dress of apricot crepe de Chine and a white mohair hat, and carried sweet peas and carnations. Misses Patsy and Emily Green were charming little flower girls in frocks of turquoise blue, carrying baskets of choice sweet peas. Mr. Duncan Bissett was best man.

Mrs. McBryer assisted the young couple in receiving their guests, and was gowned in navy blue crepe de Chine with hat to match. The groom's mother wore a gown of black silk and hat to match. While the register was being signed, Miss Thain played appropriate wedding music.

To the bridesmaid, the groom gave a gold bracelet; to the flower girls, gold bangles, and to the groomsmen, gold cuff links. While receiving the good wishes of their friends the bride and groom stood beneath an arch of sweet peas, evergreens, and dahlias, and the wedding gifts were displayed in the library. Among them was a cheque from the manager of Messrs. Evans, Coleman & Evans, with which firm the bride has been associated for a number of years; a cheque from the firm of Swift Canadian Company, where the groom is employed, and a set of cutlery from his fellow employees.

The following assisted with supper: Miss Elita Bissett, Miss Jessie Duthie, Miss Anna Bissett, Miss May Crombie, Miss Flora Sgithers, Miss Eva Middleton, Miss Jean Hamilton, Miss Lillian Parker, Miss Lillian Smith, Mrs. J. J. Meyer, Jr., and Mrs. A. Bissett. Dancing and music were enjoyed by the guests. As a going-away frock the bride wore a beige georgette model with an imported felt hat to match, navy blue coat and fox fur. After a honeymoon in Seattle and the Sound cities, the young couple will reside at 1123 Ormond Avenue.

WILKINSON-RANKIN

A pretty wedding took place at the home of Mr. and Mrs. William Stewart, 510 Wilson Street, on Saturday evening, when their youngest daughter, Margaret Rankin, became the bride of Harry Wilkinson. Rev. Duncan Munro, of St. Columba Presbyterian Church, South Vancouver, performed the ceremony. The bride, who entered the drawing-room to the strains of the Wedding March, looked lovely in a gown of ivory georgette. She carried a shower bouquet of Ophelia roses and white carnations. Her bridesmaid was Miss Jean Stewart, niece of the bride, who wore a Copenhagen blue crepe de Chine gown, and carried a shower bouquet of pink carnations. Mr. Allan Stewart supported the groom. During the ceremony Miss Jean McGowan sang "For You Alone." After the ceremony a supper was served at a table centered with a three-tiered wedding cake. Later Mr. and Mrs. Wilkinson left for a honeymoon up the West Coast to Port Alice. The bride traveled in an ensemble suit of navy blue and gold, and carried with her a hat of shell pink and a stone marten fur, the gift of the groom. The groom's gift to the bridesmaid was a gold brooch set with amethysts and to the best man a gold fountain pen. After the honeymoon the bride and groom will make their home in Victoria.

The trip is an educational one arranged for by the I.O.D.E. and the Canadian Pacific Railway, and an intensive itinerary has been prepared. Visits will be paid to Quebec, Halifax, Fredericton, Brantford, Winnipeg, Regina, Calgary, Victoria, Vancouver, and many other points. The girls are looking forward particularly to Toronto, where they will spend six days during the time the university is in operation, and will thus have an opportunity of observing Canadian methods of education. To the observer the traveling girls, whose ages appear to range from about fifteen to eighteen, represent the highest type of British young womanhood.

English Schoolgirls Arrive in Quebec

QUEBEC, Aug. 13.—Twenty-five English schoolgirls from England's most famous public schools landed here Saturday from the Canadian Pacific liner Montclair, under the leadership of Miss Edith Thompson. The trip is an educational one arranged for by the I.O.D.E. and the Canadian Pacific Railway, and an intensive itinerary has been prepared. Visits will be paid to Quebec, Halifax, Fredericton, Brantford, Winnipeg, Regina, Calgary, Victoria, Vancouver, and many other points. The girls are looking forward particularly to Toronto, where they will spend six days during the time the university is in operation, and will thus have an opportunity of observing Canadian methods of education. To the observer the traveling girls, whose ages appear to range from about fifteen to eighteen, represent the highest type of British young womanhood.

—Third Floor, HBC

PERFORMANCE

Senior Golfers to Start Big Tourney At Oak Bay Today

Close to 170 Veterans of the Links Will Play in Various Championships—Draw for Today Announced

The Victoria Golf Club will present a busy scene today, when the annual Senior's Links Golf Tournament will get under way with the qualifying rounds over eighteen holes. Veterans of the links from fifty-five and upwards have been heading for the clubhouse for the past few days with the idea of battling Old Man Bogeys into submission.

Close to 170 entries have been made with Secretaries J. V. Parks, when the draw was made. This is one of the largest contingents of linkers in the history of the event, and as a result this year's competition should be exceedingly keen.

The first pair will get under way at 8 o'clock and the last will tee off at 2.55 in the afternoon. The sixteen low scores in all classes will qualify for the championship, and the final will be played on Friday. In the afternoon of the same day the international match between Canada and the United States will be carried out. The tournament will come to an end on Friday evening, when the annual banquet will be held at the Union Club.

Phil Taylor, of Vancouver, and Bob Johnston, veteran professional at the Seattle Golf Club, will officiate as starters, while J. M. Hedley and George Johnston will look after the scoring.

Secretary Parks wishes the competitors to take special notice of the following rules:

Competitors are requested to note their starting time and to be ready to tee off when their names are called.

Members will make their own arrangements in regard to transportation to and from Oak Bay, but the tournament committee earnestly requests Victoria members and others, who have their cars here, to arrange to take out members who have no cars. It is particularly desired that they arrange to take their opponents to and from the links.

As the locker accommodation at the clubhouse is limited, members are advised to change their golfing clothes at the hotel. Golf clubs may be left with the professional.

All rights in the association Championship, "A," "B," "C," and "D" class championships and the first flight will be played on Friday, and the championship and three-quarters of the difference in the handicap will be allowed.

Competitors in these events will make their entries with the starter and will select their partners and opponents.

The committee of the Colwood Golf and Country Club has kindly extended playing privileges to members of the Victoria Golf Club during the tournament.

No entrance medals will be served at the Victoria Golf Club during the tournament.

The fee for caddies has been fixed at \$1.00 a round, and a large number of caddies will be required.

Notwithstanding Local Rule 8, which says "No player shall tee off from any place other than the teeing ground," competitors are provided at each hole, competitors who prefer to do so may tee off from there, if there is any available at the side of the mat at each tee.

Ross Sommerville Leads Qualifiers in Canadian Amateur Golf

SUMMERLEA GOLF CLUB, MONTREAL, Aug. 13.—C. Ross Sommerville, of the London Hunt Club, Canadian amateur champion in 1926, started a formidable threat for the 1928 honors, when he led the field in the thirty-six-hole qualifying round of the event held today, turning in a 74-74 to head the list by two strokes. Sommerville's 71 on the second round was within one stroke of the course record.

Close behind him came two youngsters, Carroll Stuart, of the Royal Ottawa Club, and Nichol Thompson, Jr., of Chedoke, Hamilton, each of whom turned in a 73-74-147.

Scores of 163 or better qualified for the first round match play tomorrow.

FRENCH GET PEEVED WITH SPORTS MEET

Failure of Athletes to Appear in Large Numbers Arouses Ire of Spectators—Windows Are Broken

PARIS, Aug. 13.—The French effort to warm over the sport dish served in Amsterdam for the last fortnight was pretty much a failure yesterday afternoon as foreign athletes who had promised to come to Colombes Stadium for a rehearsal of the Olympic programme absented themselves in unexpectedly large numbers.

The American contingent was the only one of any size. There were no Britons and only a few scattered Canadians, Swiss and Hungarians to provide competition for the French.

A crowd of 12,000, which paid for tickets in the expectation of seeing a great host of international stars put on a miniature Olympic spectacle, began throwing red cushions onto the field toward the close of the competition. There were shouts of "Robbers! Thieves!" from many throats.

Several windows in the stadium were smashed by angry spectators. No outstanding performances were witnessed on field or track. Charlie Padlock, who was expected to make his farewell competitive appearance, could do no better than fourth in the 100 metres and third in the 200 yards.

The Canadians had a century of their own, which Percy Williams, the Olympic champion, won in 10.4 seconds, equaling Scholz.

The latest sensation of golf is Abe Espinosa, brother of Al, who followed up his victory in the Western open with another in the Chicago district open, where his splendid score of 263 gave him a lift to the very front ranks of the medalists. In the averages he has jumped from nineteenth to twelfth place in the averages.

Al Espinosa did well himself. He didn't gain, but he still holds eighth place. Among professionals he is fifth. The averages:

PHILADELPHIA CREEPS UP ON IDLE YANKEES

Athletics Gain Half a Game by Walloping Detroit Tigers—Morris Wins Fifteenth Victory for Reds

PIRATES HANG UP WIN OVER ROBINS

AMERICAN LEAGUE
PHILADELPHIA, Aug. 13.—The Athletics gained half a game on the idle New York Yankees today by defeating the Tigers, 7-1, in the opener of the series here.

FIFTEENTH VICTORY
BOSTON, Aug. 13.—Big Ed Morris hung up his fifteenth victory of the season for the tall-end Red Sox today against Cleveland. The score was 6-2.

NATIONAL LEAGUE
PITTSBURGH, Aug. 13.—The Pirates scored an easy 6-1 victory over the Robins in the first game of the last invasion of their grounds by the Eastern club. Kremer held the Robins batters to six hits.

INTERNATIONAL LEAGUE
Buffalo 1, Reading 4.
Toronto 2, Baltimore 6.
(Only three games scheduled.)

Sunday's results were as follows:
AMERICAN LEAGUE
Detroit 2, Philadelphia 9.
Cleveland 3, 10 1.
Batteries—Whitehill and Hargrave; Miller, Hudlin and Sewell.

NATIONAL LEAGUE
Boston 0, 3 2.
New York 8, 15 0.
Batteries—Russell, Settlemyer and Berry; Penneck and Bengough.

INTERNATIONAL LEAGUE
St. Louis 7, 10 0.
Chicago 0, 4 4.
Batteries—Crowder and Manion; Walsh, Lyons and McCune; Berg.

NATIONAL LEAGUE
Philadelphia 1, Washington 3.
Boston 1, 6 0.
Brooklyn 3, 9 1.

Champ Related to Sculler

MISS Ethel Catherine Wood, who broke the world's high jump record at the Olympic games, Amsterdam, is related to the great Ned Hanlan, famous sculler, to whom a statue was erected in Canadian National Exhibition Park at Toronto. The high-jumping queen's father was a cousin of Ned's and himself a great athlete. Miss Catherine Wood's brother is also well known in sport as 100-yard champion of Saskatchewan. When she returns home from the Olympiad, Miss Catherine Wood will visit her parents in Saskatoon for about three weeks, and will then return to Toronto to complete her business course. She will likely take a position in the office of Teddy Oke, mining broker. Above is the most recent picture of the Saskatoon girl, taken at Amsterdam, and Hanlan's statue. Joe Wright, Olympic oarsman, now overseas, posed for this memorial to Hanlan.

Batteries—Cooney and Taylor; Petty and Deberry.

PHILADELPHIA R. H. E.
Cincinnati 6 15 0
Batteries—Willoughby, King, Miller, Ferguson and Davis; Rixey and Pichler.

CHICAGO R. H. E.
St. Louis 4 9 2
Batteries—Malone and Hartnett; Rhem, Rattmann and Smith, Wilson. Only nine games scheduled.

COAST LEAGUE
First game: R. H. E.
Sacramento 2 8 1
Portland 4 10 0
Batteries—Kallio, Gould and Severeid; Knight, Tomlin and Whitney.

Second Game: R. H. E.

Squamish Indians

Defeat Nanaimo

NANAIMO, Aug. 12.—Playing before six hundred fans Saturday on the Central Sports Ground, the Squamish Indians, of North Vancouver, defeated the local Eagles by a score of 3-2 in what turned out to be the best game seen here this season. The feature of the game was the masterly pitching of Mills for the Indians, and Lefty Beaver for the Eagles, the former striking out eleven batters and the latter sending back ten by the strike-out route, and each allowing three well scattered hits. Nanaimo's defeat was put down to faulty base running.

EAGLES DEFEAT CANADIANS 5-2 IN FAST GAME

McDonald Holds Sons to Four Scattered Hits—Smith's Double Play Is Feature

KILLICK IS BEST WITH THE WILLOW

With Mr. Geoghegan, their star finger, numbered among the missing, to Sons of Canada ballplayers took a 5-2 defeat from Lenzie Oliver's strengthened Eagles squad at the Royal Athletic Park last night in a fast seven-inning battle. The tribe fielded a snappy team, which included four Commercial League stars, and turned in a good performance behind the steady pitching of McDonald.

The Canadians sent over one run in the second and one in the sixth inning. Elmer Smith halted what looked like a rally for the Sons in the third frame, when he appeared Bill Holman's drive with his gloved hand and beat F. Campbell to second, to pull off a double play unassisted and retire the side. The cushions were loaded at the time.

Holness, who started on the mound for the Canadians, survived the first inning quite nicely, but in the second, the tribe began to take to his offerings, and before the inning was completed they had batted out four singles, which netted them three runs. They scored one in the fifth and one in the sixth, to make their total five.

McDonald, who traveled the distance for the tribe, heaved good ball, allowing but four scattered hits. Holness was nicked for eight hits in six innings, and was replaced in the seventh by Jack Bacon.

Killick, who held down the initial sack for the tribe, led with the willow, getting three hits out of as many trips to the plate.

**LEWIS TO MEET
CALGARY BOXER**

Local Fighter Will Take On Prairie Boy in Headliner at Friday Night's Show

Dave Lewis, the local knockout artist, has been selected by the Victoria Boxing Club officials to appear in the stellar position on its programme, which is scheduled for Friday evening at the Victoria West Gymnasium.

The local fighter will have as his opponent Kid Ferguson, of Calgary, who has promised to weigh in at 135 pounds. Ferguson, who is now a resident of Vancouver, demonstrated to the fans that he is a top-notch fighter in the game when he decisively beat the clever Gordie Wallace in four rounds at the Athletic Park show a week ago.

The Vancouver fighter is the same type of a scrapper as Tommy Burgess and Stoker Lake, who have made such a wonderful impression on Victoria fans. Lewis in the past has proved to be dynamite for the real clever boxers, as usually he doesn't give them any time to display their ring craft. He is on them like a flash at the top of the song. If there is any weakness in their defence, the local boy's hefty wallop soon brings them to the floor. Lewis is training hard for the bout at the Victoria West Gymnasium, and can be seen in action by the fans any evening after 8 o'clock.

**LITTLE ACTIVITY
WITH "BIG SIX"**

Paul Waner and Hellmann Only Ones in Action and Each Drop in Averages

There was very little baseball played among the members of the "Big Six" yesterday. Only two, Paul Waner and Hellmann got into action. Ty Cobb remained on the bench, while the Athletics gave the Tigers a drubbing and the other three were idle because of the schedule.

Hellmann had nothing to show in the box score for his day's efforts except three times at bat. The tail-ender not only failed to get one of the two hits Bob Grove gave the Tigers, but also accomplished nothing in the field. As a result his batting average declined two points to .296. Waner did a little better, batting one single in four times at bat, while the Pirates beat Brooklyn 6-1, and lost only one point, going to .362.

The standing to date:

G. A. B. R. H. Pct.
Hornby, Braves 92 337 84 124 27.8
P. Waner, Pirates 86 438 94 155 24.2
Ruth, Yankees 112 397 131 131 33.0
Cobb, Athletics 84 346 106 113 27.7
Fried, Cardinals 87 372 139 123 37.1
Hellmann, Tigers 101 402 59 119 28.8

VISITORS WIN MANY PRIZES

Bowlers From Across Gulf Waters Capture Thirty-Two of Fifty-Nine Awards in Open Tourney

LOCALS WIN THREE FEATURE EVENTS

Visiting bowlers, competing in the open bowling tournament held on local greens last week, carried off thirty-two of the fifty-nine prizes, while local players retained three of the four high honors.

Peter Johnston, Burnside Club, defeated all competition in the Columbia singles, while Dawson and Blundell, of the Victoria Club, carried off the honors in the Camarade doubles. George Dixon, R. Wilson and Mrs. Hancock, of the C.P.R. Club, captured the mixed triples for the third big honor to be won by local players. John Jenkinson, skip with R. Davis, D. Hicks and W. Paddon, of the Terminal City Club, won the Capital City rink competition.

The success of the tournament was, without doubt, due to the great assistance rendered by the members of the various committees, who so ably assisted George Vallance, the general secretary.

The summary of prize winners is as follows:
Capital City Rink competition—1, John Jenkinson, Terminal City, with R. Davis, D. Hicks and W. Paddon; 2, George Sherwood, Victoria, with John Owens, W. MacKay and J. MacDonald; 3, E. Hopper, of Stanley Park, with J. Macintosh, R. Watson and R. Todd.

**SWIMMER FORCED
FROM CHANNELL
BY ROUGH WATER**

DOVER, Eng., Aug. 13.—Harry Luscombe, the crippled Devonshire swimmer, who entered the water here at 11 o'clock Saturday night on the English Channel, abandoned the racing string of Mrs. John D. Hertz and John E. Madden. Two men were seen running away.

AND GOING GREAT
Charlie Paddock, "the fastest human," is now in his sixteenth year of active competition.

B.C. RIFLEMEN SHOOTING WELL

Two Victoria Men Make Possibles in Tyro Match—Locals Well Up in MacDougall Match

WILKINSON BEST OF B.C. MARKSMEN

(Special to The Colonist)
CONNAUGHT RANGES, Ont., Aug. 13.—The Dominion of Canada Rifle Association meeting opened at the Connaught Ranges today under a cloudless sky and with a blazing sun beating down on the competitors.

Shooting was, nevertheless, of a very high order and the British Columbia team was well to the fore. In the tyro match shots at 500 yards, no fewer than three possibilities were recorded, amongst them being Quartermaster A. E. Evans, of the Garrison, and Captain A. C. N. Smith, of the 112th Battalion. Others in the prize list were Bombardier P. Wilkinson, 33; Private I. M. Grant, 33; Sergeant W. Harwood, 32; Cadet Captain N. Perry, 32. Twenty-one scores of thirty-two were counted out.

DEAN'S ELEVEN HAS HARD FIGHT

Finds Cumberland Bowling Best on Up-Island Tour—Wins by Small Margin

CUMBERLAND, Aug. 13.—Dean Quantin's cricket team, of Victoria, on a tour of the island, played at Cumberland on Saturday afternoon, engaging the locals in a very good game. The Cumberland eleven, considering this is their first season, did exceedingly well.

TIME TRIAL IS WON BY JACKSON

Former Victoria Rider Captures Honors in Fifty-Mile Bicycle Race to Win Trophy

The feature of the fifty-mile open time trial, promoted by the Island Road Club and held during the week-end, was the fine riding of Stan Jackson, who covered the distance in 2 hrs. 16 mins. 10 secs., an average speed of 22 miles an hour. Several other meritorious performances were recorded. C. Davis, of the Garrison, made 2 hrs. 28 mins. 50 secs., riding consistently throughout and retaining second place from start to finish. By this performance he gained first prize in the sealed handicap.

J. Taylor and H. Hetherington, of the promoting club, gained second and third in the handicap by completing the course in 2 hrs. 41 mins. 49 secs. and 2 hrs. 57 mins. 50 secs., respectively. Six riders, by doing the distance in less than 2 hrs. 50 mins., gained standard time certificates. Five riders were put up by T. Shankie and G. Pratt, of Vancouver, whose ages are fifty-six and forty-eight, their times being 3 hrs. 17 mins. 34 secs. and 2 hrs. 53 mins. 48 secs., respectively. Stan Dowling, until recently a star track rider in Victoria, had hard luck, breaking a pedal, but finished the course in 2 hrs. 38 mins. 51 secs. A feature of the race was that twelve entered, twelve started and all finished.

Results follow:

	H	M	S
1. S. Jackson	2	16	10
2. C. Davis	2	28	50
3. S. Dowling	2	38	51
4. J. Taylor	2	41	49
5. R. Duncan	2	46	08
6. F. Carson	2	48	51
7. G. Pratt	2	53	48
8. H. Hetherington	2	57	50
9. L. Harman	3	03	10
10. J. Wratten	3	14	28
11. T. Shankie	3	17	34
12. P. Tyson, disqualified			

The prize-winners in the handicap were: 1. C. Davis; 2. J. Taylor; 3. H. Hetherington.

Dorothy Page Wins Qualifying Round in Western Golf

CHICAGO, Aug. 13.—Dorothy Page, of Madison, Wis., 1926 champion, today won the golf medal in the women's Western golf championship qualifying round by scoring 38-39-77 on the 6,400-yard Indian Hills course. Her score took three off the par on the first nine and one off on the second and was one stroke better than the card of Mrs. Dalton Reymond, of Baton Rouge, La., formerly Southern champion.

Virginia Wilson, of Chicago, was third with 79, while the defending champion, Mrs. Henry Fressler, of Los Angeles, was fourth with 80.

LADIES' SAMPLE DOWN FORESTERS

Softball Game Ends in Near Riot Through Close Decision by Base Umpire—Colonist Loss

The biggest surprise since the start of the Victoria Softball League this season, occurred last evening at the Central Park, when the Ladies' Sample Shoe Store, winners of "D" section, defeated the Foresters, of "A" section, in the Poodle Dog knockout series, by a 3-2 score.

The game was very exciting from the start to the termination, but was spoilt from the spectators' point of view in the last half of the ninth when a free-for-all fight started. Boden hit safely, but was called out by Pascoe on a close decision. Boden strongly objected to the ruling and started to fight with the base umpire, then both teams went at it. When the ground was cleared Bob Whyte, umpire-in-chief, ordered "Buck" Rutledge, of the samplemen, and Boden off the field. The affair will be dealt with by the executive of the league at its next meeting.

The samplemen sent runners across the plate in the eighth and ninth frames to win the contest. The clubmen's rally in the ninth was halted after they had scored one run.

Royals defeated the Y.M.I. by an overwhelming score of 23-1. The losers were short three players and were greatly handicapped in the field. Hillcrest won from I.E.S. by default.

GAMES TONIGHT

Saanich Thistles vs. Langford, at Central Park, lower diamond; umpires B. Whyte and Barnwell.

Navy vs. Thistles, at Central Park, upper diamond; umpires E. Stock and Pascoe.

Marigold vs. Bapco, at Quadra and Queens; umpires Darcus and Partridge.

Cordova vs. Oak Bay, at Victoria West Park; umpires R. Butler and Pat Mulhally.

All games will start at 6:30 sharp, and each team must supply a new ball. The first-mentioned team is to see that the grounds are properly laid out.

WESTHOLME LEAGUE

With a golden opportunity to go into a tie with Langford for first position, the Colonist nine went up in air and when they came down, found that Marigold softballers had beaten them by an 8-3 count.

Langford, league leaders, went down for the count at the hands of the Times, when they tried to protest the umpire's decision, and walked off the field giving the newsies the contest by default.

The Crescent-Colwood Wood Co. game will be refereed by consent of both teams. The game did not go the full seven innings, and will be replayed tomorrow evening at Victoria West Park.

LOCAL PILOT WINS CENTRALIA AERIAL CONTEST IN SWALLOW

Pilot Alec Holden, former Victoria resident, and pilot in the Royal Air Force in the Great War, who recently visited relatives here, won the Centralia aerial race on Thursday last, flying a Swallow machine.

An Eaglerock, flown by Pilot Russell, was second. Holden has been flying a Buhl airtier recently.

FORMER STAR NOW UMPIRE

George Tyler, who starred as a pitcher with the Boston Braves in 1914, is now an umpire in the New England League.

COURT DISCHARGES CHARGE AGAINST S. AFRICAN HURDLER

LONDON, Aug. 13.—An amusing anti-climax to the Olympic Games was aired in the Marlborough Street Magistrate's Court, South African hurdler and one of the British Empire representatives at Amsterdam, who competed against American athletes at Stamford Bridge on Saturday, appeared to answer a charge of stealing a porter's cap, valued at one pound.

The court was bright with the blazers of a number of British Olympic athletes.

A restaurant porter said that Weightman-Smith tried to force his way into a crowded restaurant Saturday night and when refused entrance, snatched the cap in question and ran away. It was not made clear who was able to catch the speedy Olympic hurdler, but at any rate he was present to say that he had no intention of stealing the cap and the magistrate discharged him.

UPLANDS WIN AT MACAULEY

Visiting Side More Than Doubles Score in Second Half of Annual Interclub Match

A team from the Uplands Golf Club journeyed to Macauley Point Sunday for the second half of the annual interclub match. The visitors proved too strong, winning by 21-1-2 to 10-1-2. The foursomes, played in the morning, were close, with Uplands edging out at the long end of a 9-7 count. In the singles, Uplands piled up a big lead, scoring 12-1-2 against Macauley's 3-1-2. In the feature match, Norman Wallace defeated Bob Morrison, of Uplands, one up.

The scores, with the Uplands players named first in each case, follow:

FOURSOMES

R. Morrison and H. Brynjolfsson 0, N. Wallace and W. Walls 2.

W. Newcombe and R. L. Challenor 1, F. C. Slydell and W. D. Freeman 1.

W. S. Morris and T. Angus 0, A. D. Radford and R. Pouls 0, A. Youngman and C. Christopher 2.

VANCOUVER AND CALGARY TEAMS POLO WINNERS

Mainlanders and Prairie Squads Will Meet in Final Game for International Championship

TERMINAL CITY IN DECISIVE VICTORY

VANCOUVER, Aug. 13.—Vancouver "A" polo team will meet Calgary's crack four in the final for the Northwest international polo championship Wednesday afternoon at Virgiphouse Park. The two teams gained their way to the finals of the tournament Monday afternoon, when they turned in victories in the opening round.

Vancouver "A" made themselves overwhelming favorites to capture the title when they defeated Portland Hunt Club, 19-2, in the first round.

Calgary had a contest on their hands to dispose of Vancouver "B," 8 to 7.

Vancouver "A" swept everything before them in their match with Portland.

Calgary and the Vancouver "B" squads put up a much better game from the spectators' point of view, and they put up an exhibition which kept the gallery thrilled from the start of the first chukker to the finish of the last.

Calgary had a contest on their hands to dispose of Vancouver "B," 8 to 7.

CLARA BOW HAS ARLEN IN LEAD

"Wings" Hero Supports Dynamic Red Head in "Ladies of the Mob" at Dominion.

Clara Bow's followers in Victoria are to have the opportunity of enjoying their favorite motion picture star in a characterization absolutely new to her in "Ladies of the Mob," the Paramount picture now at the Dominion Theatre. The dynamic red head plays the part of a girl of the underworld, a follower of "the mob," as a gang is called in the parlance of the underworld. Miss Bow's part is pure drama and she is declared to rise to new heights as the screen's most popular actress.

Richard Arlen, who scored such a triumph in "Wings," has the supporting lead opposite the star, and the direction was in the hands of William Wellman, the youthful director who made the epic "Wings," and "The Legion of the Condemned." Bank robberies, gang fights, escapes through the night and dramatic climaxes between the little star and her gangster lover abound in "Ladies of the Mob." The stage attraction at the Dominion Theatre this week will include Eddie Williams, a very fine basso singer, in song selections both classical and popular. Mr. Williams will appear both afternoon and evening.

ADOLPH MENJOU IN MILITARY ROLE

Head Brummet of Waiters Appears as Army Officer in Feature at Capitol.

Adolphe Menjou, who appears in his latest starring vehicle entitled "A Night of Mystery," now showing at the Capitol Theatre, for the first time in his film career is portraying the role of an army officer. He is Captain Perreol, of the French-African Chasseurs, and wears service uniforms throughout the production. When a youth, Menjou attended the Culver Military Academy, located at Culver, Indiana. Following his graduation from the academy, he entered Cornell University, where he studied engineering for four years. Soon after leaving college with his diploma, America entered the World War, and Menjou immediately enlisted with a group of his college mates. When he received his discharge from the Army after the Armistice, he decided upon a film career, and after many heart-rending experiences finally became recognized through his work in Charlie Chaplin's "A Woman of Paris." It is easy, therefore, to see why Menjou is enabled to portray his role superbly in "A Night of Mystery," which calls for military bearing and dramatic perfection. The stage specialties this week are exceptionally fine and include Bruce Hamilton, the well-known American tenor; Betty L'Anson, a dainty acrobatic dancer, and Robin and Hood, in a novelty fantasy. Harold Bechtel, the popular singing comic, will be heard also. "The Tutti Frutti Song," and the concert orchestra will also feature a special overture.

COLUMBIA Magnificent settings, THEATRE gorgeous costumes, a perfectly balanced cast, superb direction and beautiful photography describes the latest Universal production "The Shield of Honor," now showing at the Columbia Theatre. It is a story of the side workings of a metropolitan police force and shows how an officer of the law lives, loves and fights. It was written by Emilie Johnson and directed by her son, Emory Johnson. The cast embraces such players as Neil Hamilton, Ralph Lewis, Dorothy Gulliver, Fred Kemelton, Joe Girard and Nigel Barrie.

VARIETY The new comedy in which the popular team of George Sidney and Charlie Murray appear is now sending audiences of the Variety Theatre into gales of laughter. The picture is "Flying Romeos" and tells a mile-a-minute tale of two barbers who unwittingly become involved in an airplane flight across the ocean because a financier thinks they are expert fliers. E. M. Asher, maker of many successful comedies, produced this story for First National Pictures and Neryn LeRoy directed. The supporting cast includes Fritz Ridgway, Duke Martin, James Bradbury, Jr., and others.

PLAYHOUSE One of the largest casts of the season is to be seen in "Sailors' Wives," the First National picture which is the feature attraction at the Playhouse Theatre. Mary Astor and Lloyd Hughes are featured in the picture, while the supporting players include Gayne Whitman, Earle Foxe, Olive Tell, Ruth Dwyer, Bess True, Burr McIntosh, Jack Mower, Robert Schable and other well-known players. "Sailors' Wives" was produced for First National Pictures by Henry Hobart and directed by Joseph Henabery. Bess Meredyth adapted the story to the screen.

WOMAN RE-ENACTS Own Life Incidents in Film "Dawn" One of the interesting features in the film "Dawn," to be shown at the Coliseum shortly, is the appearance of Madame Ada Bodart, who takes the role of the same name in the picture. The reason for this is that Madame Bodart actually participated in the events pictured in the film! She was one of the cogs in the organization built up by Nurse Cavell to assist refugees to escape in which Miss Cavell was actually put by for these unfortunate women, she knew, if caught, would most probably be treated as spies and shot. Miss Cavell denied that she was animated by a desire to assist the Allies and injure Germany, but this point was stressed in her prosecution with the innuendo that many of these refugees were actually spies. This attitude on the part of the Germans was adopted to bolster up the case and, by executing Nurse Cavell, inflict a dire warning on the irreconcilable Belgians—despite warnings from the German Civil Government to the military command that the execution would arouse the horror of other nations.

ALBERTA COAL STRIKE DRUMHELLER, Alta., Aug. 13.—The miners of Wayne carried out their intentions, and the suspension of all Wayne mines is now in effect. The men struck as a protest against the proposal to install screens in the mines and the failure of the operators to recognize their union. The operators claim they are going ahead with the installation of the screens at their mines and the mines will then begin to operate as usual. They also claim that the miners asked for a conciliation board and now they are not willing to abide by the report of the board.

AMUSEMENTS

Capitol—Adolphe Menjou in "A Night of Mystery."
Coliseum—"Love Me and the World Is Mine," starring Betty Compson and Henry B. Walthall.
Columbia—Ralph Lewis in "The Shield of Honor."
Dominion—Clara Bow starring in "Ladies of the Mob," with Mary Astor and Lloyd Hughes.
Playhouse—"Sailors' Wives," with Mary Astor and Lloyd Hughes.
Variety—George Sidney and Charles Murray in "Flying Romeos."

COLISEUM The film combination THEATRE of Norman Kerry and Mary Philbin is to be seen again for the third time in a Universal production. The picture is "Love Me and the World Is Mine," the first American picture to be made by E. A. Dupont, the noted UFA director, and it will be the feature attraction here at the Coliseum all this week. The popular team was together again in "The Phantom of the Opera," Universal's latest production of exceptional prominence. Now they will be seen again in the same intriguing locale—that of pre-war Vienna—as in "Merry-Go-Round." "Love Me and the World Is Mine" is a picture in song selections both classical and popular. A novel by Rudolph Hanns Barisch. The supporting cast includes Betty Compson, Henry B. Walthall, George Siegmann, Albert Conti, Bathilde Brundage, Charles Puffy, Martha Mattox and others. On the stage is the great Cecil Barrie, an act that will astound all. Seeing a woman in half is the main feature in this act, and proves a real mystery well worth seeing.

HOUSTON, Texas, Aug. 13.—The Texas Company refinery at Port Arthur was shaken by a terrific explosion late last night, which resulted in a fire that destroyed the new cold treating plant at a loss estimated at \$1,000,000. Scores of workmen were saved by a scant few minutes from walking into the mysterious explosion. So far as could be determined none was killed and only one man is known to have been injured. Maggie—"It is Jack's passion for me that is making him marry me." Aggie—"I heard that it was his compassion."

FIRE COSTS \$1,000,000

HOUSTON, Texas, Aug. 13.—The Texas Company refinery at Port Arthur was shaken by a terrific explosion late last night, which resulted in a fire that destroyed the new cold treating plant at a loss estimated at \$1,000,000. To Present Play Soon

L. BULLOCK-WEBSTER, as he appeared in the London music hall, twenty-four years ago, in an equestrian act. This picture is copied from The Tatler, June 22, 1904, which refers to him as a young Canadian actor of promise. Major Bullock-Webster afterwards became producer for Sir George Dance. He will present "The Passing of the Third Floor Back," featuring Dr. Clem Davies in the title role, on September 7 and 8, at the Royal Victoria Theatre.

KING ALFONSO MAY VISIT U.S.

Tentatively Accepts Invitation to Olympic Regatta at Long Beach, California

LONG BEACH, Cal., Aug. 13.—Bearing a message of good will to the people of California and a promise from King Alfonso XIII of Spain to come here in 1932 and participate in the Olympic regatta if affairs of state will permit, Commodore Walter W. Horne, of the Long Beach Pacific Coast Yacht Club, arrived in Long Beach late Tuesday night from Spain.

Commodore Horne journeyed to Spain as a friendship ambassador from the Pacific Southwest Exposition and presented King Alfonso and the Spanish Royal Yacht Club with a trophy, a gift from the city of Long Beach. The trophy was presented at a dinner in the royal palace, attended by King Alfonso, Queen Victoria, Ambassador O. K. Hammond, Vice-Admiral Burrage, in command of the United States fleet in European waters, and thirty-five other distinguished guests.

En route to Long Beach is a beautiful silver yachting trophy presented by King Alfonso to the Long Beach Pacific Coast Yacht Club through Commodore Horne. The trophy is a replica of the Santa Maria, famous sailing vessel that was Christopher Columbus' flagship on his memorable journey to America in 1492. It is four feet in height, contains twenty-seven pounds of silver and required two months to create. It is the work of Europe's most skilled silversmiths. The trophy is en route to the Spanish ambassador at Washington, whence it will be rushed to Long Beach by air express. It will be competed for by Pacific Coast yachtsmen.

"King Alfonso is one of the world's most enthusiastic yachtsmen," said Commodore Horne today. "He expressed a desire to attend the regatta to be held at Long Beach in connection with the 1932 Olympic games. Not only did

the King announce his intention of visiting California and Long Beach in 1932 if affairs of state will permit, but he is planning to send four eight-metre boats here to participate in the regatta."

MAY GO ON CRUISE

King Alfonso tentatively accepted an invitation for a cruise or race aboard Commodore Horne's yacht, Poinsetta, and invited Horne to be a member of the crew of one of the royal Spanish boats in the 1932 regatta.

Commodore Horne left Long Beach late in July, making the trip from this city to Paris by plane, train and boat in exactly seven days. He proceeded to Santander, Summer capital of Spain, where he was received by King Alfonso and Queen Victoria at a state dinner and presented the yachting trophy sent by the city of Long Beach and a scroll of friendship from the Pacific Southwest Exposition. In return Commodore Horne was presented with the Santa Maria trophy for the city of Long Beach and the local yacht club.

Commodore Horne went to Spain at his own expense as a volunteer bearer of a greeting of friendship and custodian of the trophy presented by Long Beach to the Royal Spanish Yacht Club. "The feeling of friendliness to California evidenced by King Alfonso and other Spanish notables was remarkable," declared Horne. "The trip was really worth while. The King is an ardent yachtsman and is sincere in his promise to come here for the Olympic regatta if state business will permit."

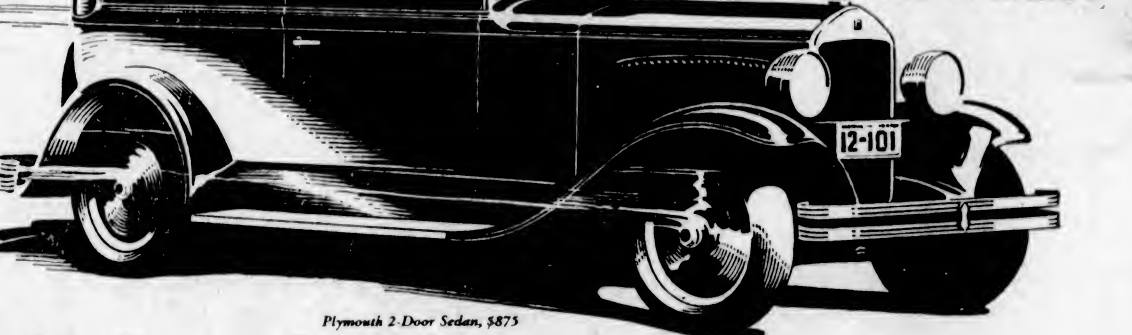

Reduction on British Railways Now in Force

LONDON, Aug. 13.—The Railway Clerks' Association, the third of three great railway workers' unions, has now ratified the agreement between employers and workers for an all-round cut of two and a half per cent on wages and the decrease becomes effective today.

The estimated saving in labor costs to the railways is about \$15,000,000 annually. The agreement may be terminated at the end of a year.

CHRYSLER Plymouth

\$850 AND UPWARDS

Plymouth 2-Door Sedan, \$875

At Last! A New Car Whose Like—
In Style, Performance and Value—
You Have Never Seen Before

Coupe \$850

All prices f. o. b. Windsor, Ontario, including standard factory equipment (freight and taxes extra).

An enthusiastic public now acclaims the new Plymouth as the most astounding value in three decades of motor car manufacture.

No one but Walter P. Chrysler and his great engineering organization ever attempted such a car at such a price.

Plymouth is the amazing realization of the Chrysler vision of a low-priced car, embodying the beauty, the quality, the value of the finest cars. Abundance of power from the new "Silver-Dome" high-compression engine which uses any gasoline.

Luxurious comfort over rough stretches that many \$2000 and \$3000 cars can well envy. Sure

premise safety of internal expanding hydraulic 4-wheel brakes, with moulded brake linings, efficient in any weather.

Full-sized bodies with ample seating capacity for adult passengers. Fine, deep upholstery. Swagger body lines in the new vogue created by Chrysler—new slender-profile radiator—new bowl-shaped lamps—new type air-wing fenders.

Rugged dependability insuring years of faithful service with exceptional freedom from mechanical trouble—the result of Chrysler Standardized Quality in fine materials and precision manufacture.

Ride in the Plymouth, drive the Plymouth—the most astonishing performance, quality, style and value that the low-priced field has ever known.

HARVEST EXCURSIONS AID B.C. DEVELOPMENT

VANCOUVER, Aug. 13.—"Harvest excursions are a fine colonization aid to British Columbia," states J. H. McVeety, superintendent for British Columbia of the Employment Service of Canada. "It would surprise people to know how many farmers and farmers' sons from the Fraser Valley apply for the excursion rates."

"From along the line of the old Grand Trunk we also send a great many settlers. The newer settlers in all parts of the province whose land has not yet been developed to the point where it yields a full living find the \$200 to \$300 they are able to earn as harvest laborers on the prairies invaluable in enabling them not only to live on their place throughout the winter but often to go ahead clearing and preparing additional acreage for cultivation in the following season."

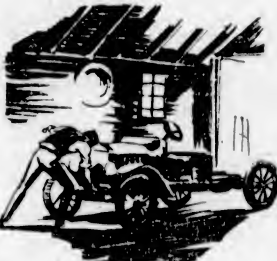

Mr. C. Sims Re-elected Grand Exalted Ruler

REGINA, Aug. 13.—Gerald Sims, Ottawa, Ont., was re-elected grand exalted ruler of the B.P.O. Elks at the concluding session of the order's grand lodge here Saturday night. Kamloops, B.C., was chosen as the convention city for 1929.

WEEK-END FATALITIES

OTTAWA, Aug. 13.—An exceptionally long list of fatalities through drowning and highway accidents occurred over the week-end in the Eastern provinces. Nearly a score of lives were lost by such tragedies, while suicides also took a toll.

"LADY BETTY"

By JOHN L. CARTER

Author of "The Cinema Girl," "Peggie the Aeronaut," Etc.

CHAPTER XVI

During that month, which had seemed so wearisome and hopeless for Lady Betty, Jimmy Weston had, as Michaels reported, risen on the tide of popularity. Nevertheless, his studio was primarily his workshop, a place governed by strict business rules rather than the ideal artist's studio. Jimmy was working hard. Three portrait commissions had come in during the second week, and as it was his desire to get the money as soon as possible, he turned to a new picture, he insisted upon long sittings.

One of the sitters was the provincial artist, a young man, who intended to honor his fellow townsmen by placing a faithful likeness of that plain visage forever on record in the local hall. Another was a certain great lady who had seen in Jimmy's Academy picture a likeness to herself. It was her wish to be painted in exactly the same pose. Jimmy did his best. He procured a faithful likeness of her, but there was a literary weekly paper, not even a resemblance to the Academy picture. But Jimmy was not out to flatter sitters. He was too young, too sincere, too much in love with his art, too full of self-respect to descend to such tricks. Perhaps one day he would be wiser—shall we say more kindly—and paint folk more as they desired to look, rather than as they really were.

The remaining sitter was an actress, Madeline Marshall, the tragedy queen, who was never happy—if you would believe her—except when playing Shakespeare. She loathed long runs, and looked upon her profession as the most exalted that ever was, and herself as the most original and remarkable woman that ever breathed. And this grand creature had condescended to allow Jimmy to paint her. Her interest had first been aroused by a photograph of him in a literary weekly paper, and she had changed her lovers as lightly as she changed her gowns—indeed, she was as fickle as a breeze, and when choosing one as the other she was most fascinating and bewildering, if one was at all inclined to be fascinated and bewildered. But, alas for her hopes and plans, Jimmy was out solely for business and work. He had no eye for her disturbing charms, except to strive to record them with absolute faithfulness. To him she was a subject, and nothing more. The lengthy, arduous sittings angered and upset her, and it is very sad to record that after the fifth sitting she was so very disappointed in Jimmy and his unheard-of austerity of manner, that she sent him a post-card postponing the sittings indefinitely.

All the while Jimmy was thinking of his new picture, and the only thing that stopped him was the lack of suitable models. Friends had done their best to help him to select the sort of girl that he wanted, but after he had rejected all they sent, these friends assured themselves and him that he did not know what he did want. But Jimmy knew that he could not work out his idea without the type of face that he had in mind.

Then one morning he found her. She was sitting on a seat in the park with two children, a boy of ten and a girl of a few years younger. He thought that she was telling them a tale, for she sat so very still and seemed so deeply absorbed. He stood there irresolute, and pretended to be looking at his watch. But he had seen at the first glance that this was the girl he wanted. Her face had that curious

look of sunshine that he had dreamed of. It was absurd to use the word "golden" about a creature of flesh and blood, yet he knew of none other that expressed his meaning. He observed how very like his ideas were even her clothes, for she was clad in a simple dress of creamy silk. The neck was open, and her throat was tanned a healthy pale brown. Her face was only lightly tanned, because of the great yellow straw hat that now lay at her feet on the grass. He noticed with awe the perfect shape of her head, the wondrous poise of it on the slender throat. He admired the yellow hair done in two long plaits that she had wound evenly round her brow. It looked like a crown of gold.

But what amazed him, what he had never thought of in all his dreams of his new picture, was her eyes. He had imagined them to be a soft blue, but the eyes of this "golden" girl who sat there in all her unconscious glory were not blue but a warm brown that he doubled over having seen in any other eyes. Her eyelashes were long and curling, and of a brown darker than her eyes. The strong eyebrows were of the same darkish brown; but the eyes, which were large and soft and trusting, were of a golden-brown that was not to be described in words.

Fortunately the girl was interested in her charges or she must have noticed his scrutiny. Suddenly he sat down at the other end of the seat. He felt that he could not move away just yet. He could hear her soft, low tones. The story seemed to bind the children as with a spell. She was speaking in French. It was not long before he knew that it was a story of fauns and elves.

He turned for a side glance at her. She was remarkably beautiful. Her profile engaged him now. The low, broad, unlined brow, the straight nose, the clear, strong upturned lip, the soft, full cheeks, and the round, tender chin, it was a glorious profile.

But the realization that here was his golden girl made him anxious not to miss her. To address her as she sat here was to ask for a snub. He had no doubt of that. There was too much dignity and reserve in that face to allow such conduct. But what else could he do? Then he noticed that on the seat close to his hand lay a text-book of some sort. A glance showed him that it was a French grammar. With a casual hand he opened it as it lay, and on the fly leaf he read: "Elsa le Page, 3b, Grosvenor Gardens, S.W."

He was elated. She was a governess! He would be able to write to her at 3b, Grosvenor Gardens. That was all he wanted for the moment. So, with another lingering glance he rose and walked away. The golden girl had been his dream; and now he had discovered her in reality.

That night he wrote to her. He told her that he wished to paint her, and he assured her that he would want her only for costume pictures. He mentioned that he was willing to fit his sittings to suit her hours of leisure, and begged her to record them with absolute faithfulness to him.

Two anxious days followed. Then a letter came. "Dear Sir," it ran. "I shall be pleased to call at seven of the evening, Friday."

Yours truly,
Elsa le Page.

That letter arrived by the first post on the Friday morning, and Jimmy passed the day in a fever of impatience.

When at last she arrived, Jimmy

was delighted with her. She was so naive and frank. She told him that she was anxious to complete her education as inexpensively as possible. Her parents had spent all they could afford, and she had taken this post in an English family in order to perfect her English. Afterwards she hoped to go to Italy and learn that language also. Jimmy found her careful, broken English very charming, and also her eager, tremulous manner. But all the time the artist in him was itching to be standing before his easel with the golden girl no longer tremulous, no longer eager, but fixed in some pose that he desired to immortalize.

Finally he engaged her to come for an hour daily at three o'clock in the afternoon. If she found any difficulty in getting away at any time she was not to worry but to come the next day if she could manage it. And they parted very good friends indeed.

The days went very swiftly, and the first study of the golden girl grew rapidly into a perfect and inspired work before which Jimmy used to stand for minutes, out of time after time during the day. He never thought of the girl, the model, but of the golden girl, the one that was growing more and more amazingly life-like on the canvas.

Jimmy was different from Lady Betty. She once quoted to him: "Love is of a man's life a thing as good as death. Indeed, she was beginning to rely on him in a most alarming way. Jimmy was wrapped up in his work, or he would have guessed what was happening. As it was, he looked upon her as a very dear friend, one whom the gods had sent to help him and cheer him. That she was so very obviously a gentlewoman made him only the more grateful; the average model had so little reserve. For instance he would never have thought of offering Elsa a cigarette. Never once had he even suspected her of setting her cap at him.

One morning she came to him with tears in her eyes, and her excitement he robbed her of almost every word of English.

"Come!" he said gently. "What is the matter? You are so sunshiny, so bright as a rule!"

"Sir Wilfred Powell—the father of my little pupils—has found out that I am sitting for you! He will not hear of it!"

Jimmy whistled in consternation. "And what shall you do?" he said. "I want you to tell me," she said simply.

Jimmy could not think of any of giving up his golden girl. Still, Elsa was over in England in search of education, and he could not advise her to neglect that. If she left Sir Wilfred Powell, she would probably find a difficulty in getting other work, at any rate with a good family, and he did not want to see her wish to go to Italy in search of further education. How could he advise her to relinquish all her cherished plans just because of his picture? After all, it was practically finished but for a little touching up. Certainly her presence was no longer essential. For all that, her departure meant good-bye to those other studies which he had planned with her as the centre and inspiration.

"How can I possibly advise you?" he said. "You know well enough what I would like."

Her face lighted up. "Yes—tell me, what would you like?"

"From my own purely selfish point of view I would like you to

1928

after that he could no more have made his own tea than fly.

One day she remarked upon the glorious disorder of the place, and, alarmed, he gravely assured her that he dare not let anyone attempt to tidy-up, and that he was too idle to attempt the job himself, but she had declared that it was absurd, that there was nothing difficult about it at all, and had set out to prove her words true. He had watched her, fascinated, for she seemed to know by instinct just what he would have her do with each thing. And she took over that work for the future, and invariably he would watch her, admiring her grace and resource.

At times she would stand looking at the golden girl. She never said anything, but he could feel that she was pondering it in her sober way. It was this inscrutability that fascinated him. She would say so little after day, and he now spoke to them so much French. No, no; I shall learn more here."

"But my dear Mademoiselle le Page, I thought that your parents were not well off. How would you live?"

Her brown cheeks flowed crimson, and her eyes fell to the floor. "I was afraid," she said suddenly, "I was afraid it could not be I thought perhaps you would let me sit offener."

The prospect was a delightful one to Jimmy.

"Oh, certainly!" he cried. "Let me see now; how much ought you to make in order to live decently?"

While he pondered upon that problem the girl anxiously waited, with her eyes glancing from him to her toes and back again. "I want no charity," she hinted diffidently. "I must properly earn it."

"Suppose we say two or three hours a day for the present?" he suggested. "That will bring you all you need."

Her hands went softly together in calm ecstasy.

"Oh, how lovely! How nice! Then I can tell Sir Wilfred?"

Jimmy was not at all sure that he had done right.

"Does your father know that you are sitting for me?" he said.

She shook her head.

"He would not say 'Yes,' I think," she said, smiling shyly. But then she was overwhelmed with a sudden fear that Jimmy would no longer consent. "But he is what you call a fashionable model, he is not a simple fellow, and he has had a liberal education. I must judge for myself!"

Jimmy strode up and down, shaking his head. It was a problem that he did not care for, and as she was so very obviously not the usual type of model, indeed not in any sense a professional model, he felt the responsibility. It was one thing, he told himself, for her to sit for him, but quite another pair of shoes if his friends should eventually take a fancy to her and induce her to sit for them. Then, from being the innocent, charming, Alsatian girl, hunting after languages, it was conceivable that she would settle down into being nothing but an artist's model. That was the difficulty. He would put the question to her and now.

STEAMER SIGHTS DRIFTING PLANE

ST. JOHNS, Nfld., Aug. 13.—The British steamer Seapool reported by wireless today sighting a large plane drifting at about 600 miles due east of Greenly Island.

The message from the Seapool follows: "At 22.30 O.M.T. (last night) in latitude 51° 38' N., longitude 44° 41' W., sighted and tried to salvage airplane or seaplane. Owing to darkness setting in were unsuccessful. Rudder showing about five feet above the water and part of damaged body. Also large portion of wing washed. Color hard to see, but appeared to have been in water considerable time. The submerged portion appeared to be of large dimensions."

STATESMEN OF LAND PRAISED

MR. RAMSAY MACDONALD SAYS
CANADA HAS BEEN RAISED
TO GREAT HEIGHTS

Former British Premier and Premier King Make Addresses to Welcoming Crowd

FORT WILLIAM, Ont., Aug. 13.—Premier Mackenzie King and Mr. Ramsay MacDonald, leader of the Labor Party in Great Britain, met here last night. Premier King was speeding east after paying a hurried visit to his constituency of Prince Albert, while Mr. MacDonald, accompanied by his three daughters, is touring the Dominion on a holiday. Hundreds of citizens were on hand to greet the two leaders, who after a hearty handshake and friendly conversation, addressed the welcome.

It is with a great deal of pleasure that I meet my old friend the Right Hon. Ramsay MacDonald, Premier King said. "I feel sure that he will carry back to Canada will receive a hearty handshake and friendly conversation, addressed the welcome."

It is with a great deal of pleasure that I meet my old friend the Right Hon. Ramsay MacDonald, Premier King said. "I feel sure that he will carry back to Canada will receive a hearty handshake and friendly conversation, addressed the welcome."

MR. MACDONALD

Replying to the Premier's speech, Mr. MacDonald referred to the warmth of the reception extended to him and his daughters since their arrival in Canada. Continuing, he made a plea for Empire unity and co-operation and congratulated Canada upon her proud past, her splendid present and her glorious hope for the future.

"This is not a political speech, but I feel that Canada as she has prospered in the past under the guiding hand of my old friend Premier Mackenzie King will continue to prosper in the future with the same hand at the helm."

Mr. MacDonald said he had found Canadians in the East full of buoyancy and hope for the future. "But distressful as conditions have been in the United Kingdom," he added, "we are as full of hope for the future as you here in Canada. Yes, we in the Mother Country are undergoing great changes, as you are here, but despite this we will weld firmer the bonds which bind the Old Land and the Dominions, Canada, under the guidance of wise statesmanship, has raised herself to great heights, where she has received the respect and homage of self-respecting nations."

The art display at the Agricultural Fair, to be held next week at the Willows, promises to surpass anything hitherto attempted in this section of the exhibition, comprising, as it does, some of the finest artists' efforts, not only of local artists and craft workers, but also of many Up-Island and Mainland artists. One hundred paintings from local artists will be on view.

In the loan collection, a very fine and valuable series of paintings, in oils and water colors, by old masters in these particular mediums will also be on display. Mr. James Christian, who is in charge of this particular section, is grateful for the patronage promised by the various persons who have loaned their finest art treasures on this occasion.

Among the crafts on display will be found some very fine hooked rugs, also pottery, embroidery, hand-painted scarves and various other crafts.

The Vancouver School of Applied Art will take at least 500 square feet to cover their exhibit alone. Figure drawing, design, posters, commercial drawings in color and black and white will be the principal feature of this exhibit.

The committee of the Island Arts and Crafts Society, which is in charge of the noncompetitive section, will be on hand at the Willows Fair Grounds on Wednesday morning to receive any exhibits from members or others who have omitted to call with their exhibits at the office of the secretary.

This year's art display will be held on the second floor of the Home Products Building, this part having been specially renovated and decorated to house the arts exhibits particularly.

MADE IN CANADA

VANCOUVER WHEAT
VANCOUVER, Aug. 13.—Wheat quotations, spot and on route: 1 Nor., 117½; 2 Nor., 109½; 3 Nor., 100½; No. 4 wheat, 96½; No. 5 wheat, 88½; No. 6 wheat, 79½; feed, 73½.

At the end of a hot and lazy summer day...

As the sun goes down and the shadows begin to creep across the veranda, a cool breeze stirs and you welcome the evening. And to accompany the promise of the coolness to come, pour yourself a glass of ice-cold "Canada Dry".

It sparkles and cheers you from its bubbling crystal depths. Savor its bouquet as you sip it. Feel its tingle of goodness and refreshing taste on your tongue. And know that you are drinking a real ginger ale made from real Jamaica ginger.

You'll never know how good a ginger ale can be until you taste this delicious beverage. Dry. Mellow. Full-bodied. With a subtle gingery taste and a secret method of carbonation which enables it to retain its sparkle long after the bottle is opened. Pure. Balanced so skillfully that it mixes deliciously with other beverages. "Canada Dry"—a cooling, refreshing beverage at the end of a summer day!

MARKET PRICES ARE ANALYZED

Weakness in Wheat Determining Influence in Depressing Canadian Index Number

The general weakness which characterized the grain markets was again the determining influence in depressing our index number of wholesale prices from 97.94 to 97.15 to 85.66 as at July 15, says the monthly letter of the Canadian Bank of Commerce. The sharp decline in the price of wheat to the lowest level during the current season has been brought about by a number of factors, chief of which are the excellent prospects for the Canadian crop and the large stocks of old wheat on hand, which on July 6 were 52,000,896 bushels, compared with 46,547,404 bushels on the same date last year, thus forming a very large proportion of the world's visible supply, estimated to be about 180,000,000 bushels against 177,000,000 bushels at the same time last year. Furthermore, the movement of American winter wheat to market has been in very large volume, a record having been established in the case of one state, Kansas. The latest estimate of the United States winter wheat crop is now placed at 543,782,000 bushels, an increase of 24,330,000 bushels over the last previous estimate, making a total for all wheat of about 800,000,000 bushels, which, however, represents a decrease of over eight per cent from last September. Seeding of wheat in Australia, which took place under favorable conditions, is now completed and a beneficial rainfall has further enhanced the prospects of this crop. The temperature over the Argentine wheat belt has been higher than is usually considered desirable for the young plant, but the period of drought has been succeeded by moderate rains. Crop advices from Europe, especially Rus-

sia are generally more promising in character, the South European countries in particular giving indications of excellent crops. This is partly offset, however, by the cent Russian importations and the fact that the European crop is estimated to be about two weeks late, resulting in a prolonged demand for imported grain. The weakness in wheat has had a corresponding effect on all other grains, although corn has remained fairly firm as result of the rapidly diminishing world supply.

CATTLE FIRM

The market for cattle continues firm and the upward trend in the price of hogs and pork products, which was initiated in April, would seem to confirm our previously expressed opinion that this cycle is now in the phase of declining production and rising prices. Indications point to a reduced supply of hogs for marketing during the next twelve months and an improved demand from Europe, particularly Great Britain, where bacon prices are now very high. Supply of corn, a dominant influence in the American swine industry, while now very low, promises to be considerably increased over that of last year and should be an additional favorable factor in the situation. The market for butter continues strong owing to small receipts, which for this season are very light, and the much higher relative prices being paid for cheese. As a result of the generally inclement weather and subnormal progress of the plant cotton prices during June, but a sharp decline followed the publication of the official estimate of acreage, which showed an eleven per cent increase over 1927. Later, however, the weather has been satisfactory over most of the belt and, in conjunction with the recent heavy liquidation which has improved the technical position of the market, has tended to mollify the outlook. The Australian wool clip for the 1928-29 season is estimated at 900,000,000 pounds, or slightly in excess of last year's approximately the same as the record clip of 1926-27. The present demand is only moderate, however, and in spite of the low world stocks prices have fallen slightly. The silk market has fluctuated within narrow limits, but a health demand indicates a continuance of its present strength. The rubber market has remained steady with only slightly higher prices, reflecting the disinclination of both consumers and producers to anticipate the course of events, but it seems doubtful whether the stocks at present accumulating under the restriction scheme will be greatly in excess of the reduction which has taken place outside the restricted area, and with the marked improvement in the demand for tires and a normal increase in consumption (7½ per cent in 1926) a very substantial increase in world stocks seems improbable.

METAL MARKETS

The metal markets have, on the whole, been steady. Copper and zinc prices have remained firm in spite of a seasonal falling off in demand, but tin, the only major metal in which efforts have not been made to curb production, has fluctuated considerably, influenced in turn by the very large world production and the record activity in the tinplate industry in the United States, but prices are generally higher than the very low level reached last month. Demand for lumber has improved and prices have risen, but conditions in the pulp and paper industry are none too healthy.

The depression in the sugar market has become even more severe, as the latest estimate of the world production for 1928 stands at over 25,000,000 tons, or about one and a quarter millions in excess of last year. While the Cuban output was limited to 4,000,000 tons, Java harvested an unusually large tonnage, and the European beet crop, planted on an acreage seven per cent lower than last year's, has improved materially, and though late, is regarded as in a satisfactory condition.

Latest News From Wall Street

(Supplied by Braden, Brown & Co., Ltd.)
NEW YORK, Aug. 13.—Wall Street made a favorable interpretation of Mr. Hoover's speech of acceptance, particularly his remarks to expanding prosperity. Optimism inspired by his remarks was evidenced in a strong tone in the principal industrial stocks, which again furnished powerful leadership, rising to a new high ground on the current advance.

Buying of steel of excellent character and considerable importance was attached to rumors of a coming distribution to shareholders. Well-informed interests believe that this may take the form of a segregation for the corporation's railroad and cement properties on a basis which will mean substantially larger return on the common stock.

Undoubtedly the persistent strength of high grade stocks in the face of the credit stringency is an expression of the belief in influential banking circles that money conditions are fundamentally sound and that no justification exists for the present high rates. Washington observers reported that even some of the Federal Reserve banks were not in sympathy with the successive increases in rediscount charges and had accepted them reluctantly.

Profitable conditions created by the low price of wheat called for relative attention to National Biscuit and Loose Wiles. Latter spurred vigorously, running up 1½, to 81½. Loose Wiles is particularly responsive to buying operations owing to its small capitalization and the fact that the selling basis of National Biscuit, taken at the ratio of the year's earnings to market price, is nearly 50 per cent higher than that of Loose Wiles. Both companies have shown marked ability to expand net income since the 1928 depression. Loose Wiles earnings, which in that year amounted to only \$208,000, jumped to \$1,990,000 in 1927, a gain of nearly 1,000 per cent. In the same period National Biscuit net rose from \$5,667,000 to \$16,277,000, an increase of around 300 per cent.

Rails displayed greater activity, particularly Missouri Pacific Preferred, St. Louis Southern, and the shares of others benefiting from the large movement of grain. With the wheat and corn crop substantially larger than a year ago, the outlook for rail traffic is extremely bright.

Severely Damaged in Recent Hurricane

Palm Beach and other Florida centres are reported to have suffered severe damage in a hurricane which swept the coast on its way northward. The picture shows the waterfront of West Palm Beach, with skyscrapers in the background.

NEW YORK STOCK LETTER

(Supplied by Braden, Brown & Co., Ltd.)
TORONTO, Aug. 13.—No definite trend on Toronto exchange. Some gains made in later trading. Stocks opened higher at the resumption of trading at Toronto Exchange this morning, but after the first half-hour reaction set in, most of the issues selling off from a small advance to one point from the initial quotations. With prices sagging, trading slowed down almost to a standstill. In the afternoon the market did little, although sufficient gains were chalked up to make the market irregular to firm.

Paper issues were strongest on the listed section, but were by no means active. Alcan. rose two points to 52; Brompton at 36 was one up. Of other stocks Cocksfoot, Canadian and Building Products were active. Brompton's price was 52; Brompton at 36 was one up. Of other stocks Cocksfoot, Canadian and Building Products were active. Brompton's price was 52; Brompton at 36 was one up. Of other stocks Cocksfoot, Canadian and Building Products were active.

NEW YORK SUGAR

NEW YORK, Aug. 13.—The raw sugar market was firmer early today and prices advanced 1-32 cent to the basis of 4.14 for spot, duty paid. Sales reported included 30,000 bags of Cuban and 28,000 bags of Porto Rican for August shipment to local refiners at the quoted price.

No changes were reported in refined sugar with a good withdrawal of sales. Prices were listed at 5.55 for fine granulated by all refiners.

Gas in the Stomach Hurts the Heart

Gas Pressure from a Sour Acid, Upset Stomach, a Feels of fullness and pain around the Heart—you may be sure that you are suffering from indigestion. To quickly relieve this condition, take a few drops of Dr. Chase's Ointment. It is a powerful stomachic and laxative, and it is the only remedy that will relieve the heart of the burden of a full stomach. It is the only remedy that will relieve the heart of the burden of a full stomach. It is the only remedy that will relieve the heart of the burden of a full stomach.

CONDITION, DISC WHEELS, GOOD
TIRE, ETC.
A REAL BARGAIN FOR MONDAY
Let Us Sell Your Car
MASTERS MOTOR CO., LTD.
515 Yates St., corner Douglas Phone 372

PEOPLE LIKE OUR LIBERAL SERVICE
POLICY
WHICH IS ANOTHER REASON WHY WE
SELL SO MANY CARS

AND FOR VERY LITTLE DOWN
DODGE, FORD, BUICK, 1928
series, De Luxe. This is the first of this
model we have ever been able to offer
as a used car. Aluminum body and wheels
and runs like new.
DODGE COACH, STANDARD, a fine car,
1928 model, excellent condition and all
ready for you to enjoy. It is worth
\$1,000.

FORD COUPE—re-finished a new Ford
Coupe from the original owner, and a
real good buy.
CHEVROLET TOURING, 1928—Completely
reconditioned and ready for you to enjoy.
and priced better than the average.

OLDSMOBILE TOURING—Re-finished a
solid, hardtop. Completely equipped
with wire wheels. A handsome car in
excellent condition, and at a very low
price will surprise you.

JUST LIKE A MAN

JAPAN HEEDED
IN MANCHURIAADVICE GIVEN BY TOKIO TO
GOVERNOR IS UNCONDI-
TIONALLY ACCEPTEDCountry Will Not Be Placed Under
Sovereignty of Nationalist
Chinese Rulers

TOKIO, Aug. 13.—A dispatch from Mukden to the newspaper Asahi today stated that Chang Hsueh Liang, military governor of Mukden, had unconditionally accepted Japan's "advice" that he refrain from placing Manchuria under the domination of the Nationalist Government.

It was understood in Tokyo that the agreement against which Japan warned Chang Hsueh Liang, who was sent to Mukden to explain officially the views of Premier Tanaka, of Japan.

PLAIN TALK
The Reuter correspondent in Mukden states he has learned from reliable sources that in the farewell conversation between Baron Hayashi

and Chang, the Baron told Chang that Japan would prevent a Manchurian-Nanking alliance, even if Tokyo should have to interfere in China's internal affairs.

Hayashi was reported to have stated that Japan disapproved of the reunion of Manchuria and China because the international condition of Nationalist China was far from settled and had a communist taint, which Japan opposed because it would jeopardize her special privileges and acquired rights in Manchuria.

Hayashi suggested that the Manchurian ruler should not be influenced by any opposition which he should suppress by force if necessary with Japan's full support.

"DRY" REFUSES JOB
When a "dry" refuses to work at a bar and can get no other job, should he be entitled to unemployment dole? That is the question that puzzled the officials of Ireland recently. A youth of eighteen was receiving unemployment dole and was offered employment at a public house bar at wages commencing at \$7.50 a week and three meals a day. The youth said he was a "leather" and refused the offer, whereupon his unemployment dole was stopped on the grounds that he "unreasonably refused a job offered to him." The Court of Referees refused his application for resumption of his dole, but when he put the case before an umpire under the Unemployment Insurance Act it was ordered resumed without further delay.
